## SOLAS Water Activated Lifebuoy Light

A lithium battery-powered man overboard emergency light to be installed onto a lifebuoy. Automatically activated when dropped into water and will flip upwards, outputting a flashing white light for at least 24hrs.

• Fire-resistant, oil-resistant, mould-proof, corrosion-proof and water-proof.

• Far exceeds SOLAS requirements.

• Installation clip included.

• Light intensity: > 2cd.

• Floats.

| Part No. | H x Dia (mm) |
|---|---|
| JPW11022 | 124 x 90 |

## Mini SOLAS Water Activated Lifebuoy Light

An alkaline battery-powered man overboard emergency light to be installed onto a lifebuoy. It has the features as the standard model above, but is more compact and lightweight.

• Twist to "AUTO" for gravity and water sensors double activation.

• Installation clip included.

| Part No. | H x Dia (mm) |
|---|---|
| JPW11023 | 144 x 90 |

## Mini SOLAS Water Activated Lifebuoy Light

A lithium battery-powered emergency light to be installed on all kinds of life jackets. Automatically activates when in contact with water and will continue to output a flashing white light for at least 28hours.

• Fire-resistant, oil-resistant, mould-proof, corrosion-proof and water-proof.

• Can manually turn on/off while in water.

• Far exceeds SOLAS requirements.

• Light intensity: Min 0.75cd.

• Floats.

| Part No. | L x W x D (mm) |
|---|---|
| JPW11024 | 62 x 28 x 31.5 |

## TotalCool 3000 Portable Evaporative Cooling System

High quality evaporative cooling, using the latest technology and ergonomic design, working on 12V, 24V and AC mains power.

• Built in battery protection system with automatic cut off.

• Up to 45% colder air over 7m.

• Lightweight, compact and portable.

• 4 speed settings.

• Runs on normal tap water.

• Low current draw 0.3 - 1.8A.

• Includes power leads, cooling filter pads, window sticker & user guide.

• Use with Totalfresh Essential Oils pack: **JPW88052**.

| Part No. | Dimensions L x W x H (mm) |
|---|---|
| **JPW88021** | 260 x 240 x 210 |

## Totalcool Replacement Cooling Pads 2 Pack

For use with the TotalCool 3000 Evaporative Cooling system above.
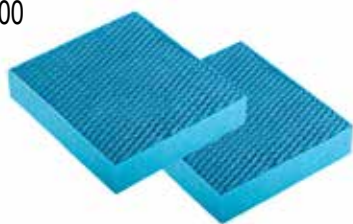

| Part No. |
|---|
| **JPW88053** |

## TotalFresh Essentials Oils 5 Pack

For use with the TotalCool 3000 Evaporative Cooling system above.

| Part No. | Oils Included | Capacity |
|---|---|---|
| **JPW88052** | Tea Tree, Peppermint, Citronella, Lemongrass & Eucalyptus | 10mL |

## Totalcool Portable Fridge Freezers

Manufactured from the highest quality components, these dual zone fridge/freezers are lightweight, robust and beautifully designed.

• Ultra energy efficient with low current draw.

• High quality, strong and durable.

• Smart LED display and control system.

• Stays cold up to 8 hours once unplugged.

• Input Power: 12V / 24V / AC Adapter.

• Power Consumption: 30-40W / 2.5-3.3A.

• Temperature Range: -20ºC to +20ºC

• Includes removable basket.

JPW88032      JPW88034      JPW88036

## TotalCool Portable Foldable Solar Panel

Portable and foldable, this 100W solar panel features a USB Type A socket, USB Type C socket and DC port for direct charging.

• High efficiency sun power cells (125 x 125mm).

• Water resistant - use outdoors or on the dash of your vehicle.

• Lightweight: 3.6kg.

| Part No. | Dimensions L x W x H (mm) |
|---|---|
| **JPW88024** | 1500 x 425 x 5 |

## Electric Toilets Standard Flush

12V Standard flush toilet with compact or space saver bowl.

- Hygienic pure white vitreous china bowl for ease of cleaning.
- Rotating 90° pump mounting for choice of right or left-handed installation.
- Low water consumption.
- Powerful self-priming pump for above or below waterline installation.
- Special macerator pump allows the expulsion up to 3.5m in height.
- Self priming up to 1.5m vertically.
- Equipped with soft close seat lid and control panel.
- Impact resistant material base with stainless steel metal parts & screws.
- Voltage: 12V | Amps: 17A
- Port connections: Inlet 19mm (3/4") / Outlet 25mm & 38mm (1" & 1-1/2")
- Evolution conversion kit upgrade available, which includes a 360° rotatable discharge port connection (see page 2).

**JPW15855**      **JPW15856**

| Part No. | Bowl Type | Dimensions L x W x H |
|---|---|---|
| JPW15855 | Compact | 425 x 345 x 373mm |
| JPW15856 | Space Saver | 425 x 345 x 345mm |

## Electric Toilets Silent Flush

12V or 24V Silent flush toilet with compact or comfort bowl.

- Fresh water flush with boats existing pump.
- Salt water flush requires additional pump (see page 2).
- Hygienic pure white vitreous china bowl for ease of cleaning.
- Low water consumption.
- Special macerator pump allows the expulsion up to 7m in height.
- Equipped with soft close seat lid and control panel.
- Impact resistant material base with stainless steel metal parts & screws.
- Voltage: 12 or 24V | Amps: 17A @ 12V or 8A @ 24V
- Port connections: Inlet 19mm (3/4") / Outlet 25mm & 38mm (1" & 1-1/2")
- Standard or Evolution conversion kit upgrades with 360° rotating port connection and/or 90° rotating pump available (see page 2).

*Compact Bowl*      *Comfort Bowl*

| Part No. | Bowl Type | Voltage | Dimensions L x W x H |
|---|---|---|---|
| JPW15857 | Compact | 12V | 335 x 420 x 390mm |
| JPW15858 | Compact | 24V | 335 x 420 x 390mm |
| JPW15859 | Comfort | 12V | 365 x 460 x 385mm |
| JPW15860 | Comfort | 24V | 365 x 460 x 385mm |

## Manual Toilets

Manual angled pump with long stroke for more comfortable operation, with compact or space saver bowl.

- Hygienic pure white vitreous china bowl for ease of cleaning.
- Reversible pump mounting for choice of right or left-handed installation.
- Corrosion resistant materials throughout.
- Low water consumption.
- Powerful self-priming pump for installation above or below waterline.
- Equipped with soft close seat lid.
- Impact resistant material base with stainless steel metal parts and screws.
- Port connections: Inlet. 19mm (3/4") / Outlet 38mm (1-1/2").
- Electric conversions kits available (see page 2).

| Part No. | Bowl Type | Dimensions L x W x H |
|---|---|---|
| JPW15861 | Compact | 400 x 450 x 340mm |
| JPW15862 | Space Saver | 400 x 450 x 295mm |

## Electric Toilet Standard Conversion Kits

Converts the bowl of most toilets to the ease and convenience of electric operation. Suits most toilets with 4 bolt fixing and bolt centres on a 95 mm (3 3/4") diameter circle, such as Matromarine, Jabsco, TMC, Raritan, RM69, Johnson Pump, Thetford & Lalizas.

- Contains stainless steel bolts and washers, hose, gaskets and control panel.
- Space saving and rotating 90 degrees.
- Pump easily accessible for servicing.
- Corrosion resistant materials.

| Part No. | Voltage |
|----------|---------|
| JPW15873 | 12V |
| JPW15874 | 24V |

## Electric Toilet Evolution Conversion Kits

Same as above but with a new high-performance discharge pump and extremely silent operation.

- Includes a 360° rotatable discharge port connection.

| Part No. | Voltage |
|----------|---------|
| JPW15871 | 12V |
| JPW15872 | 24V |

## Toilet Seats with Soft Close Lid

Soft close seat suitable for Space Saver / Compact bowl or Comfort bowl, on manual or electric toilets.

- Intechangeble with Ocean Technologies, Jabsco, SPX, TMC and RM69 toilets.

| Part No. | Bowl Type |
|----------|-----------|
| JPW15875 | Space Saver & Compact |
| JPW15876 | Comfort |

## Diaphragm Flush Pump for Silent Electric Toilets

Latest generation of silent pumps equipped with 4 diaphragms. Necessary equipment to supply salt water on all series of Ocean Technologies electrical silent toilets.

- Brings in ocean salt water to rinse toilet bowl.
- Includes strainer.
- Delivery: 12 litres.

| Part No. | Voltage |
|----------|---------|
| JPW15877 | 12V |
| JPW15878 | 24V |

## Macerator Pump 43LPM

Bronze macerator and rubber impeller discharge pump which macerates and discharges waste and waste mixtures.

- Self priming up to 0.6m vertical lift.
- 43 LPM output at 3m total head.
- Dimensions: 240 x 130 x 90mm
- Voltage: 12V or 24V  |  Amp draw: 12A @ 12V or 6A @ 24V
- Connection input: 38mm hose barb / output: 25mm
- Meets CE electrical standards.

| Part No. | Voltage |
|----------|---------|
| JPW15889 | 12V |
| JPW15890 | 24V |

## Waste Tank Carbon Filter Breather

Complete filter manufactured in light alloy and nylon, with 16mm (5/8"), 19mm (3/4") and 25mm (1") barbs.

- Carbon lifetime approx. 1 year.

| Part No. |
|----------|
| JPW15893 |

## Marine Blowers

Centrifugal blower ideal for marine engine compartments that require venting of warm air. These blowers have the best ratio on the market, between volume air flow and compact size.

- Very strong dynamic flange mount or flex mount.
- Made from strong nylon material with stainless steel shaft and screws.
- Continuous duty with low current draw.
- Ignition protected ISO 8846.

*Flex Mount*   *Flange Mount*

| Part No. | Mount | Capacity | Volts | Amps | Inlet | Outlet | Dimensions |
|----------|-------|----------|-------|------|-------|--------|------------|
| JPW15899 | Flange | 280 CMH | 12V | 3.8A | 75mm | 72mm | 200 x 165 x 195mm |
| JPW15900 | Flange | 280 CMH | 24V | 2A | 75mm | 72mm | 200 x 165 x 195mm |
| JPW15901 | Flex | 550 CMH | 12V | 12A | 100mm | 103mm | 290 x 257 x 150mm |

## Inline Bilge Blowers

Modern inline blowers utilizing advanced five fan blade design technologies for maximum flow and performance, suitable for bulkhead mounting.

- Incorporates an engineered plastic housing with flexible installation.
- Compact simple design, intermittent or continuous duty.
- Port connection: 178mm
- Long motor lifetime from powerful airflow cooling.
- Quiet operation with low power consumption.
- Meets ISO 8846, EN 55014 standards.

*165 x 220mm*   *250 x 220mm*

| Part No. | Type | Capacity | Volts | Amps | Dimensions L x Dia |
|----------|------|----------|-------|------|---------------------|
| JPW15902 | Intermittent | 750 CMH | 12V | 5A | 250 x 220mm |
| JPW15903 | Intermittent | 750 CMH | 24V | 2.5A | 250 x 220mm |
| JPW15904 | Intermittent | 750 CMH | 12V | 5A | 165 x 220mm |
| JPW15905 | Continuous | 1000 CMH | 24V | 3.5A | 250 x 220mm |
| JPW15906 | Continuous | 1000 CMH | 24V | 3.5A | 165 x 220mm |

## Spotlight Electric Pro Wired LED

A new powerful searchlight with improved style and performances, ideal for medium and big-sized yachts.

- Wired spotlight with 2 bright powered 25-15 watt LEDs.
- Two light operational mode: deep and spot.
- Maximum beam distance at 300m.
- Made from sun-ray white ASA material.
- Dimensions: 230 x 185 x 210mm
- Voltage: 12V | Amps: 4A
- 7500 hours lifetime.

| Part No. |
|----------|
| JPW15896 |

*Complete with water-proof remote control and 4m lead.*

## Marine Horn with Support Bracket Mount

Fully watertight marine electromagnetic horn for pleasure boats, with support mount.

- Easily positioned on deck and suitable for roll bar installation.
- Supplied with stainless steel support fixing plate.
- Casing made from strong white ABS material.
- Corrosion-resistant and fully watertight.
- Dimensions: 100 x 155 x 60mm
- Tested at 50.000 cycles (1" on / 4" off).
- Voltage: 12V | Amps: 4.5A

| Part No. |
|----------|
| JPW15911 |

**Contact the office or log in to your online account for pricing.**

## Starbrite Aqua Water Shock Concentrate

Instantly removes chlorine, sulphur, plastic or metal odour and taste from boat or RV's potable water. Ideal for use after seasonal storage to "freshen" water tanks.

• Provides long-lasting effect, even in extreme temperatures.

• 1 fluid ounce treats 10 gallons of water.

| Part No. | Capacity |
| --- | --- |
| JPW8050 | 475ml |

## Starbrite Aqua Water Treatment & Freshener

Maintains perfect drinking water quality in boats and RVs. Can be used as often as needed to ensure quality of bathing and drinking water and ice.

• Prevents foul tasting or smelling potable water.

• 1 fluid ounce treats 20 gallons of water.

| Part No. | Capacity |
| --- | --- |
| JPW8053 | 237ml |

## Starbrite Instant Fresh Toilet Treatment Pine Scent

This efficient, biodegradable formula quickly breaks down waste to remove potential odours, while leaving a light, pleasant scent behind.

• Special lubricants prevent drain valves from sticking.

• Can be used in black or grey water, and in recirculation or portable toilets.

• 1 fluid ounce treats 5 gallons.

| Part No. | Capacity |
| --- | --- |
| JPW8069 | 946ml |

## Starbrite Tea Tree Oil Spray

Genuine natural Australian tea tree oil eliminates musty and unpleasant odours naturally.

• Ideal for winterized boats & year-round use.

• Keeps air clean & fresh.

| Part No. | Capacity |
| --- | --- |
| JPW8089 | 473ml |

## Starbrite NosGuard Odour Eliminator Fast Release Scent Bomb

Eliminate foul odours from enclosed areas caused by mold, mildew, pets, food, smoke and garbage. Each pouch treats an area up to 1,000 cubic feet.

• Leaves behind a crisp, clean scent.

• Deep penetrating vapour begins working immediately.

• Eliminates tough odours within 4-6 hours.

• Ideal for use in stored boats and RVs.

| Part No. |
| --- |
| JPW8094 |

## Starbrite NosGuard Odour Control Slow Release Bags

The most effective way to eliminate and prevent mold and mildew odour and other foul smells from forming year round.

• Each pouch treats an area up to 1,000 cubic feet.

• Keeps enclosed areas odour-free, crisp and clean smelling.

• Extended release system remains effective for up to 3 months

| Part No. |
| --- |
| JPW8096 |

## Starbrite Boat Care Bucket Kit

Great starter kit for the new boater, everything fits into bucket for convenient storage.

**Kit contains:**
1x Premium Marine Polish 473ml
1x Non-Skid Deck Cleaner 946ml
1x Boat Wash In A Bottle 473ml
1x Instant Hull Cleaner 946ml
1x Vinyl Brite 473ml
1x Reggae Wash Mitt

| Part No. |
| --- |
| JPW8203 |

## Starbrite Microfiber Cloths

These lint-free microfiber cloths attract and lift dirt, dust, and grime with ease.

• Use dry to clean and polish, or damp to clean off stubborn marks, leaving a streak-free finish.
• Super absorbent & extra soft, use dry or damp.
• Machine washable.

| Part No. | No. Cloths in Pack |
|---|---|
| JPW8200 | 2 |

## Starbrite Ultimate Water Absorber Drying Towel Blue

This towel is lint-free, resistant to chemicals, mold, and mildew (when cared for properly), and can easily last years.

• Safe to use on any gelcoat, fiberglass, auto finish, eisenglass and plastic.
• Machine washable.

| Part No. | Size (mm) |
|---|---|
| JPW8205 | 660 x 430 |

## Starbrite Sponges

Excellent for all washing tasks.

JPW8206

JPW8210

| Part No. | Type | Size L x W x H (mm) |
|---|---|---|
| JPW8206 | Bone Shaped | 228 x 127 x 82 |
| JPW8210 | Super Absorbent Cellulose | 228 x 45 x 12 |

## Starbrite Premium Chamois Mop

Super absorbent, ultra-wide synthetic chamois strips provide maximum speed-drying performance.

• Includes storage bag to keep mop clean and pliable between uses.
• Attaches to Starbrite Extend-A-Brush handles.

| Part No. |
|---|
| JPW8168 |

## Starbrite Extend-A-Brush Telescopic Handle

High quality marine grade handle constructed of aircraft grade, triple anodized aluminium, designed to float if dropped overboard.

• Two non-slip hand grips with positive twist lock.
• Stainless steel push button quick connect/disconnect.

| Part No. | Adjustable Length (m) |
|---|---|
| JPW8155 | 0.91 - 1.8 |

## Starbrite Extend-A-Brush Standard Handle

High quality marine grade handle constructed of aircraft grade, triple anodized aluminium with stainless steel push button quick connect/disconnect.

• Fixed length with two non-slip hand grips.

| Part No. | Length (m) |
|---|---|
| JPW8158 | 1.5 |

## Starbrite Extend-A-Brush Economy Handle

A durable, very attractive one-piece handle that accepts screw-on accessories.

• Outlasts traditional wooden economy handles.

| Part No. | Length (m) |
|---|---|
| JPW8161 | 1.2 |

## Starbrite Brush Adapters

Made from triple anodized aluminium.

JPW8196

JPW8197

| Part No. | Connection |
|---|---|
| JPW8196 | Shurhold (or equivalent) brush to Star Brite handle |
| JPW8197 | Star Brite brush to Shurhold (or equivalent) handle |

## Starbrite Reggae Microfiber Mop

Wide microfiber strips made of super-absorbent material to absorb water without scratching fiberglass or polished metal surfaces.

• Ideal for traditional mopping and boat wash chores.
• Attaches to all Starbrite Extend-A-Brush handles.

| Part No. |
| --- |
| JPW8169 |

## Starbrite Reggae Microfiber Wet/Dry Pad

Thick absorbent microfiber material that absorbs water without scratching glass, fiberglass, polished metal surfaces or even delicate clear plastic enclosures.

• Can also be used dry for dusting.
• Attaches to all Starbrite Extend-A-Brush handles.

| Part No. |
| --- |
| JPW8170 |

## Starbrite Reggae Microfiber Wash Sponge

Thick absorbent microfiber material that absorbs water without scratching glass, fiberglass, polished metal surfaces or even delicate clear plastic enclosures.

• Special scrubbing side quickly and easily removes tough dirt, stains, scum line on hull.
• Can also be used dry for dusting.
• Machine washable.

| Part No. |
| --- |
| JPW8171 |

## Starbrite Reggae Microfiber Wash Mitt

Thick absorbent microfiber material that absorbs water without scratching glass, fiberglass, polished metal surfaces or even delicate clear plastic enclosures.

• Can also be used dry for dusting.
• Machine washable.

| Part No. |
| --- |
| JPW8172 |

## Starbrite Premium Brushes

These lightweight synthetic block brushes with bumper are impervious to exposure to UV rays, cleaning agents and weather.

• Attaches to Starbrite Extend-A-Brush handles.
• Bumper edges help prevent scuff marks.
• Floats if dropped over board.

| Part No. | Bristle Hardness | Colour |
| --- | --- | --- |
| JPW8174 | Soft | Yellow |
| JPW8175 | Medium | Blue |
| JPW8176 | Hard | White |

## Starbrite Premium Wood Block Brush

Impervious to exposure to UV rays, cleaning agents and weather.

• Medium fibers that quickly break down heavy dirt and stains.
• Bumper edges help prevent scuff marks.
• Floats if dropped over board.
• Attaches to Starbrite Extend-A-Brush handles.

| Part No. | Bristle Hardness | Colour |
| --- | --- | --- |
| JPW8178 | Medium | Blue |

## Starbrite Scrub Brushes

Made with high density, stiff corrugated star prene lightweight polymer fibers that don't stain, discolour or become brittle. It resists most cleaning chemicals and withstands heat up to 200F.

• Space-age material will not rot, mildew or absorb odours.
• Attaches to Starbrite Extend-A-Brush handles.
• Great for non-skid and textured surfaces.

| Part No. | Bristle Hardness | Colour |
| --- | --- | --- |
| JPW8180 | Soft | Yellow |
| JPW8181 | Medium | Blue |
| JPW8182 | Hard | White |

## Stainless Steel Switch Panels with Blue LED On/Off Switches

Sleek switch panels featuring pre-wired removable blue LED On/Off actuation push button switches. The faceplate is made from 316-grade stainless steel and are highly polished to a mirror finish.

- Vertical or horizontal mount.
- Pre-wired ready to fit.
- Includes 4 mounting screws.
- Voltage: 12-24V.
- Amps: 15A.

*Includes 100x icon labels*

*Pre-wired for easy installation*

**JPW12927**
*6 Gang with labels*

| Part No. | Gang | Overall Size (mm) | Cutout (mm) |
|----------|------|-------------------|-------------|
| JPW12926 | 4 | 80 x 80 | 60 x 60 |
| JPW12927 | 6 | 110 x 80 | 90 x 60 |

## Mente Marine ACS Auto Trim Tab Controller

Attitude control system for controlling boats roll (healing) and pitch (angle), suits lengths from 6m to 18m.

- Wires of actuators or hydraulic pump are connected directly to the back of the control panel.
- Compatible with all popular trim tabs (Lectrotab, Lenco, Bennett, Instatrim)
- Tab position is estimated and displayed for all kinds of trim tabs.
- Automatic control is suspended while turning.
- Adapts to varying sea conditions.
- Off the plane sleep; suspended while off the plane.
- Voltage: 10-30V DC.
- Max output current: 18A (when tabs activated).

| Part No. | Power |
|----------|-------|
| JPW16150 | Electric and Hydraulic Systems |

## GME Omni Directional TV Antenna

Dual loop active broadband digital TV antenna ensures quality reception on all digital free-to-air TV channels. It will also provide reception for available analogue free-to-air TV channels that are within its frequency range.

- Built-in amplifier.
- Weather resistant UV stabilised housing.
- Supplied with required mounting hardware suitable for pole mounting or mast mounting.

| Part No. | GME Code | Dimensions Dia x W (mm) |
|----------|----------|-------------------------|
| JPW88273 | AE3000 | 280 x 55 |

## Up/Down Control Panel Switch

Momentary, on-off-on, rocker switch type switch pane, suitable for use in multiple station installations. Used in conjunction with solenoids in heavy power demand applications.

- Latest model features a scratch-resistant glossy surface.
- Voltage: 12/24V
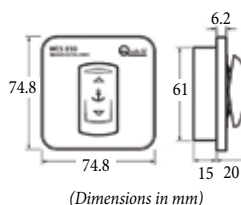

*(Dimensions in mm)*

| Part No. | Model |
|----------|-------|
| QFPWCS8100000A00 | WCS830 |

## USB-A + USB-C Dual Port Rocker Switch Style Socket with Waterproof Cap

High current, dual USB socket with Blue LED indicator.

- Waterproof with PVC mounting gasket seal and dust cover
- Input voltage: 12/24V.
- Output: 4.8A @ 5V (2.4A per port).

**IP65**

| Part No. | Ports |

# BOAT SEATS

## AD49 Moulded Boat Seat
### Colour: Mid Grey / Dark Grey Piping
This seats features a smaller frame and turning circle, perfect for mounting where space is limited.
• Marine grade UV-resistant soft vinyl.
• Heavy duty rotationally moulded base.
• Compatible with standard swivel and slide mounts.

| Part No. | Dimensions L x W x H (mm) |
|----------|---------------------------|
| JPW2901  | 550 x 495 x 450           |

*Elastic mesh storage pocket in back of seat*

## AD49R Moulded Boat Seat
### Colour: Mid Grey / Dark Grey Piping
Same design as the AD49 above, but with removable backrest and seat cushions with press studs.

| Part No. | Dimensions L x W x H (mm) |
|----------|---------------------------|
| JPW2897  | 550 x 495 x 450           |

*Moulded UV-resistant plastic*

## Marine Grade Vinyl Material
### Colour: Cognac
Perfectly suited for a variety of upholstery projects.
• Material width: 1.37m / roll length: 10m

| Part No. |
|----------|
| JPW2967  |

## H52 Compact Helmsman Flip-Up Boat Seat
### Colour: Cognac / Black
Features a hinged front bolster cushion that lifts and folds up, allowing the helmsman to stand and lean against it with greater comfort.
• UV-resistant marine vinyl upholstery and heavy-duty stitching.
• Aluminium frame.
• Compatible with standard swivel and slide mounts.
• NEW Cognac vinyl colour with attractive black panels.

| Part No. | Dimensions L x W x H (mm) |
|----------|---------------------------|
| JPW2760  | 670 x 510 x 600           |

## RM52 Flip-Up Boat Seat
### Colour: Cognac
The RM52 has a more sportier look and includes two back openings to allow for more airflow. The bottom cushion has extra bolster length to accommodate for longer legs and results in a more comfortable seat.
• UV-resistant marine vinyl upholstery and heavy-duty stitching.
• High-impact, rotationally moulded plastic frame.
• Compatible with standard swivel and slide mounts.
• NEW Cognac vinyl colour.

| Part No. | Dimensions L x W x H (mm) |
|----------|---------------------------|

# ICOM
# VHF MARINE RADIOS

**IPX7 | 100% WATERPROOF**

## Handheld VHF Radio Transceiver Float'n Flash IC-M25EURO 550mW

Slim and lightweight with easy to use smart features. When the transceiver is dropped into the water, it will float, flash and alarm. Supplied complete with in-built battery cell, handstrap, AC power adapter, USB cable, belt clip and antenna.

- 550mW audio output.
- AquaQuake™ prevents audio degradation from a water-logged speaker.
- Dual/Tri-watch, favourite channel & 2-step power save functions.
- Instant access to Ch 16 or programmable call channel.
- Large LCD interface with auto backlighting.
- Micro-B USB connector for charging.
- Up to 11 hours battery life with 4-step battery life indicator.
- Protected in 1m depth of water for 30 minutes.

| Part No. |
|---|
| JPW88635 |

## VHF Marine Radio Transceiver IC-M200

This fixed mount VHF Marine radio is compact, waterproof features a powerful front mount speaker, delivering loud and intelligible audio even in noisy maritime environments. Supplied with a handheld microphone, DC power cable and mounting bracket kit.

- AquaQuake™ prevents audio degradation from a water-logged speaker.
- Dual/Tri-watch and favourite channel functions.
- Channel operation with the supplied hand microphone.
- Large LCD interface with 4-step backlighting.
- Voltage: 12V DC.
- Output Power: 25W (high power) 1W (low power).
- Protected in 1m depth of water for 30 minutes.

| Part No. |
|---|
| JPW88641 |

## Handheld VHF Radio Transceiver Float'n Flash IC-M37E 700mW

With the same features to the IC-325EURO above, this slightly larger model features a rechargeable Li-ion battery pack. Supplied complete with AC power adapter, battery desktop charger, handstrap, belt clip and antenna.

- 700mW audio output.
- Low battery alert.
- Protected in 1m depth of water for 30 minutes.

| Part No. |
|---|
| JPW88636 |

## VHF Marine Radio Transceiver Compact IC-M330GE

With the same features to the IC-M200 above, this model features an ultra compact body. Supplied with a handheld microphone, DC power cable, GPS antenna, 5m cable and mounting bracket kit.

- Full Dot-Matrix display and keypad backlighting.
- Built-in GPS receiver with antenna.
- Protected in 1m depth of water for 30 minutes.

## Runva Electric Trailer Winch 11XS with Remote Control & Synthetic Rope

The Runva 11XS Premium is the winch that ticks all the boxes if you want massive line pull capacity, but limited on space. Featuring a massive 4,990kg (11,000lb) of line pull from the powerful and reliable 6.7HP motor. The gearbox is a three stage planetary setup with tough 228:1 gear ratio to handle even the toughest jobs.

The winch is ideal for boat trailers, tippers, car trailers, chippers, 4X4 use and MUCH more.  It comes with a handheld wireless remote control for effortless trailer loading.

This model has all of premium features built in. Feel confident in the most extreme conditions with full IP67 ingress protection (watertight and dust tight). The brake is an advanced ratchet system which is located in the gearbox which is super efficient and able to hold without fail when you stop winching. Unlike the other traditional brake systems which uses brake pads, this will not wear out.

The clutch is easily engaged/disengaged via the Rotary Clutch system, this winch is the compact version of the best selling 11XP Premium. (Note: This compact model will not fit a standard 4X4 Winch Bar/Bullbar).

### Features:

• 4990kg (11,000lb) line pull capacity.

• Super compact model.

• Includes wireless remote control.

• Waterproof  & Dust tight.

• Ratchet brake in gearbox.

 Air freespool clutch available.

• Ideal for large trailers - boat & car.

| H61873 | 75 x 21 |

*Also available with Stainless Steel Rim [H61874 / H61875]*

## Hella Marine Easy-Fit LED Courtesy Light Red Light Stainless Steel Cap

HELLA

- Completely sealed IP67.
- UV, corrosion and impact resistant.
- Ultra low power consumption.
- Pre-wired with marine cable.

| Part No. | L x W (mm) |
| --- | --- |
| H61355 | 45 x 31 |

*Also available with White or Blue LED [H61354 / H61356]*

# SCANSTRUT – RADAR MOUNTS

## Scanstrut Modular Dual PowerTowers

The Modular Dual PowerTower has been specifically designed for your radar to be mounted with Satcom, camera or nav lights, creating a perfect off the shelf custom mount.

• Designed to fit the most up to date radars from Garmin, Raymarine, Simrad and Furuno.

• Small mounting footprint, saves space on your roof or flybridge.

• Pre-drilled mounting holes allow the radar to fasten straight to the PowerTower with its own mounting bolts.

• Marine sealant not required.

*Available in 3 different sizes - compact, standard or "Open Array" which has been specifically designed for mounting Open Array radars.*

| Part No. | Model | Length x Height (mm) |
|---|---|---|
| JPW10536 | Compact | 670 x 325 |
| JPW10535 | Standard | 700 x 525 |
| JPW10534 | Open Array | 1080 x 584 |

**JPW10536**

*Open Array*

## Scanstrut PowerTower or Wedge Mount for Starlink Flat High Performance

Install Starlink Flat High-Performance with precision on the roof, T-top, flybridge, or radar arch of your powerboat. It guarantees obstacle clearance and positions your Starlink at an ideal 8° angle for optimal connectivity.

• Pre-drilled mounting holes allow Starlink to fasten straight to the PowerTower.

• No need to cut the cable connectors off for installation

• Built-in Scanstrut Cable Seal ensures a watertight installation.

**JPW10468**
*PowerTower*

**JPW10469**
*Wedge*

| Part No. | Model | L x H (mm) |
|---|---|---|
| JPW10468 | PowerTower | 426 x 340 x 238 |
| JPW10469 | Wedge | 426 x 340 x 94 |

*Wedge mount also functions as an adapter plate, seamlessly integrating with the "Modular Dual PowerTower" range (see above).*

**Wobble Rollers**
72 x 112 x 22mm Bore

**Spare Wheel Trailer Mount** Aluminium

**ATLANTIC** PRODUCTS

**Spare Wheel Trailer Mount** Galvanised

## Spare Wheel Trailer Mounts

Spare wheel mount with fully adjustable universal mounting, made from heavy-duty alloy or galvanised steel and finished in a long lasting Dacromet® anti-corrosion coating.

- Fully adjustable universal mounting.
- Heavy-duty construction.
- Dacromet® finish - lasts 4 times longer than galvanised finish.
- Low maintenance & easy to install.
- Easy access to spare wheel.
- Anti-theft locking bracket.
- Includes padlock and 2 keys.

*The small mounts are suitable for Ford & Holden 13" & 14" tyre stud patterns, and the large will also suit Landcruiser 15" tyres.*

**Contact the office or log in to your online account for pricing.**

**SIRIUS SIGNAL for life**

**Part No.**
**JPW11020**

## Sirius Signal EVDS SOS Distress Light

Powered by a high-performance, programmable microprocessor controlling an SOS flash pattern signal flashed through an even brighter and more potent LED, the Sirius Signal SOS Distress Light is both family-safe and easy to use.

The optical design provides an omnidirectional light display for surface rescue craft and a vertical beam visible to aircraft flying overhead.

Improved flotation now even higher off the water, is visible up to 10 nautical miles, and the beam lasts for hours compared to the minutes-long lifespan of traditional pyrotechnic distress signals.

This Electronic Visual Distress Signal (EVDS) is approved by WA DOT and meets regulation 52B requirements in lieu of flares, only if a GPS enabled EPIRB or PLB is also carried (must be worn). See the Department of Transport's website here.

### Features:

- Flashes SOS signal for up to 60 hours.
- Runs four times longer than other EVDS's.
- LED power: 75 candelas.
- Switch design: self-cleaning twist-on.
- Accidental switch activation protection.
- Requires 3-C alkaline batteries (included).
- Lanyard included.
- Approved to Western Australian Standards (meets regulation 52B).
- Diameter x Height: 100 x 215mm.
- Weight with batteries: 360g.

*Includes a distress flag and quality marine whistle*

## Heavy-Duty Wobble Roller - 26mm Bore

Heavy duty, hard wearing, non-marking polyurethane wobble roller.
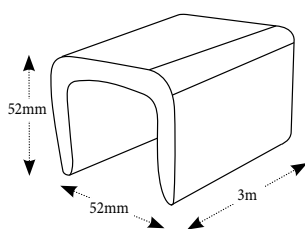

• Suitable for aluminium or fibreglass hulls.

## INOX MX5 Plus Lubricant

For applications where a superior extreme pressure, anti-corrosion, anti-moisture, liquid lubricant or an industrial-quality machine cutting oil is required.

• Will not harm metal points or surfaces, fibreglass, formica, painted or enamel finishes, plastics or neoprene seals.
• Does not become tacky, alter surface tolerances, dry out or wash off with water.
• Non-toxic, non-conductive, non-corrosive and non-staining.

| Part No. | Capacity |
|---|---|
| JPW4504 | 300g Aerosol |

## INOX MX8 PTFE Extreme Pressure Grease

Extreme pressure and anti-wear properties gives long service life under high / shock loading conditions from very low to very high temperature environments.

• Prevents scuffing and reduces wear.
• Excellent resistance to water and water wash out, even at elevated temperatures.
• Shear resistant, will not thin out.
• Resists oxidation, will not thicken.

# BIGVEE

### BIGVEE Bow Stopper

Replaces basic narrow bow stoppers that have limited or no guiding ability. Solid metal frame with strong centre bolt will never bend, even with high boat impacts.

- Made from galvanised steel with protective polyurethane covering.
- Includes secondary lock system to prevent rotating.
- Bow guiding range: 375mm
- Suits trailers that have bow stoppers spacings 75 - 120mm.
- Supplied with spacer rings & high-tensile bolts.

*Fitted using a single bolt hole, like old style bow stops.*
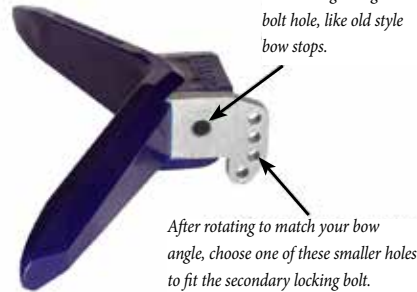

*After rotating to match your bow angle, choose one of these smaller holes to fit the secondary locking bolt.*

| Part No. |
|----------|
| JPW6451 |

Bow Guiding Range: 375mm

Max Bow Angle: 120°

Suits Bow Stop Frame: 75 - 120mm wide

---
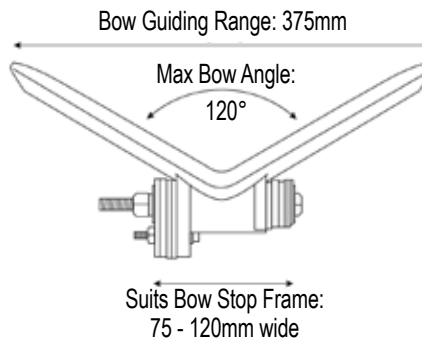

# Boatcatch

### Boatcatch Trailer Boat Retrieval System

Easy to use boat retrieval system, designed to streamline the process for one or two individuals. Made of 100% 316 marine grade stainless steel. This is an incredibly strong and robust product that comes with a lifetime warranty.

- Universal mounting bracket.
- Fits almost any boat & trailer.
- Only three moving parts.
- Kit includes mounts, bolts and other required hardware.

**JPW6448**
*Standard opening and pin size.*

**JPW6449**
*Wider jaw opening for easier retrieval alignment*

| Part No. | Type | Suits Boat Length (m) | Boat Weight on water (kg) |
|----------|------|----------------------|---------------------------|
| JPW6448 | Small | 4 - 5.9 | 300 - 1500 |
| JPW6449 | Large | 6 - 10 | Up to 8,000 |

## Fuel Line Assembly Kit Suzuki Outboards 10mm

• Not to be used with ethanol fuel
• Female fuel tank fitting & engine connection fitting included.

| Part No. | Hose |
| --- | --- |
| JPW2405 | 10mm (3/8") |

## Outboard Adjustable Angle Rigging Flange

Provides protection for cables and wiring as they pass through internal and external wall penetrations.
• Allows alignment to motor.
• Internally threaded to retain the rigging hose.

| Part No. | Suits Hose |
| --- | --- |
| JPW18079 | 50mm (2") |

## Outboard Rigging Hose Union & Fuel Line Port

Guides rigging hoses through the hull and offers a convenient entry point for the fuel hose into the rigging tube.
• Internally threaded to retain the rigging hose.

| Part No. | Suits Hose |
| --- | --- |
| JPW18080 | 50mm (2") |

## Outboard Rigging Flange with Fuel Line Port

Guides rigging hoses through the hull and offers a convenient extra port for the fuel line to pass through, providing immediate access to the primer bulb right next to the outboard.
• Internally threaded to retain the rigging hose.

| Part No. | Suits Hose |
| --- | --- |
| JPW18081 | 50mm (2") |

## Outboard Rigging Hose End Cap

A moulded black vinyl cap for closing off the engine end of the rigging hose, if necessary.
• Protects outboard engine cables and wiring from dirt, abrasion, sunlight, salt, and water.

| Part No. | Suits Hose |
| --- | --- |
| JPW18082 | 50mm (2") |

## Outboard Motor Hydrofoils 40HP to 250HP

Eliminate cavitation and port-posing by forcing the stern up and keeping the bow down.
• Includes stainless steel hardware.

| Part No. | Size (mm) |
| --- | --- |
| JPW6446 | 380 x 210 x 210 |

## Gunwale BUMP PVC Rub Rail 53mm Profile Black

Developed to provide a quick and simple installation with hidden fixings without compromising impact resistance.
• Handles curves and 80mm radius without the need to mitre either track or body.
• Easier to fit than traditional D Fender.
• Internal track sold separately (JPW9828).
• Stainless Steel end caps sold separately (JPW9837).

| Part No. | Length (m) |
| --- | --- |
| JPW9870B | 3 |
| JPW9871B | 6 |
| JPW9872B | 9 |
| JPW9873B | 12 |

# Surface Mounted Underwater Boat Lights
# Piranha P4 Series

Introducing the all-new Piranha P4 High-Power, an exciting addition to the proven Piranha Underwater Lighting range. A compact low profile design and perfect for all types of boats, suitable for transom and side mounting on all hull types. Incredibly simple to install with just one small cable entry hole and 3 mounting screws.

• Optical grade high impact polymer base or marine-grade, hard anodised aluminium base.
• Optical grade high impact polymer lens.
• Voltage: Multi-volt 12/24V.
• 60 degree x-beam angle.
• Suitable for use in and out of water.
• Typical LED life expectancy +50,000hrs.
• Over voltage, current, reverse polarity, active thermal protection.

# NARVA®

# EXPRESS YOURSELF

## Narva EX2 LED Hybrid Pattern Light Bars

Introducing the NARVA EX2 light bar range, designed for DIY enthusiasts. Versatile for roof or bullbar mounting, they're perfect for fleet, transport, and marine applications.

With superior optical design, they provide an efficient hybrid beam pattern for exceptional distance and width. The EX2 lights are water and dust resistant, submersible, and durable, featuring a hard-coated polycarbonate lens. Their slimline design suits various vehicles, including boats and 4WDs.

Each model includes a stealth black lens protector and interchangeable colour trims - standard options are Electric Blue and Slate Grey, with six additional colours also available upon request. Installation is simplified with patent-pending internal switching technology, eliminating the need for a wiring harness.

**Features:**

- Waterproof light bars, available single or double row.
- Three lengths available: 250mm (10"), 508mm (20") or 760mm (30").
- Voltage: 12/24V with reverse polarity protection.
- Virtually unbreakable UV resistant, hard coated polycarbonate lenses.
- Die-cast aluminium housing with glass-filled composite bracket.
- Interchangeable colour trims.
- Rust, corrosion and UV protected.
- Dust tight and 100% waterproof.
- Clever harness-free installation, easy for the DIY enthusiast.
- 7 Year 'NO FAULT' warranty.

## BoatBuckle Retractable Tie-Down with Stainless Steel S hooks

These retractable ratchet strap tie-downs are the ultimate system for convenience, style and innovative trailer boat rigging.

They feature automotive style webbing, anti-corrosive construction, and sturdy coated S hooks.

Available in stainless steel for brackish or saltwater environments.

### Features:

• Permanent one-bolt installation.

• Self-retracting webbing.

• Anti-corrosive construction.

• Break strength: 680kg /each.

• Safe Working Load: 226kg /each.

• Sold as a pair.

| Part No. | Width (mm) | Length (m) |
|----------|-----------|-----------|
| JPW6603 | 50 | 1.09 |

## Universal Mounting Backet Kit for Retractable Tie-Down

Universal Mounting Backet Kit for flexible mounting options of the BoatBuckle Retractable Tie-Downs.

### Features:

Break strength: 2.2 tonnes.
Safe Working Load: 755kg.

| Part No. |
|----------|
| JPW6605 |

## Kwik-Lok Transom Tie-Down with Stainless Steel S Hooks

- Transom tie down with Kwik-Lok buckle.
- Quality stainless steel components.
- Break strength: 453kg /each.
- Safe Working Load: 150kg /each.
- Sold as a pair.

# SHOCKWAVE
### MARINE SUSPENSION SEATING

**COMING SOON**

**ESTIMATED WAREHOUSE RESTOCKING DATE: 8/11/24**

**SPECIAL ORDERS AVAILABLE UPON REQUEST**

**Shockwave is a Canadian company who design and manufacture marine suspension seats for professional and recreational markets. From recreational boaters to military vessels, they develop the best suspension bases on the planet.**

## SHOCKWAVE S5 Sentinel Suspension Seat Base

Suspension base provides comfort and safety to boaters and offers a smoother, safer and more comfortable ride, protecting occupants from the shock of wave impact.

• Custom tuned and valved, fully adjustable marine FOX FLOAT H2O shock absorber.

• Suspension travel: 4" vertical / 1.5" forward.

• Mitigating deceleration associated with wave impacts.

• Adjustable compression and rebound rate.

• Minimal parts count and simple marine-grade aluminium die cast construction.

• Stable 8 pivot design for higher loads and a smoother ride.

• High life cycle IGUS bushings.

• 316-grade stainless steel hardware.

• Easy to mount and adapt to current seating.

## Ocean Signal rescueMe EPIRB1 121.5MHz + GPS

The Ocean Signal EPIRB1 is a valuable safety device for anyone who spends time on the water. It can provide peace of mind knowing that you have a way to call for help in an emergency.

When activated, the EPIRB1 transmits a distress signal on the 406 MHz satellite frequency, which is monitored by search and rescue satellites around the world. The signal includes your location information, which allows search and rescue teams to quickly locate you.

The retractable antenna provides maximum protection and a reduced outline for stowage. When required the antenna is easily deployed with a gentle pull.

A simple protective tab over the operating keys prevents inadvertent activation, yet allows for easy operation when required. The EPIRB also features two high brightness strobes to maximise visibility in low light conditions.

The rescueME EPIRB1 is the world's most compact EPIRB that can always be on hand. It's small size allows it to be easily retained within its quick release bracket or placed in an emergency grab-bag or life raft.

**Part No.**
**JPW88213**

### Features:

• Fast accurate positioning with 66 channel GPS.

• 406Mhz link via satellite to Emergency Services.

• 121.5MHz Homing Beacon to aid final location by search and Rescue craft.

• Retractable antenna.

• Quick manual release bracket (screws provided).

• Secure lanyard.

• 30% smaller, compared to other products approved to recognised standards.

• Height: 178mm / Diameter: 89mm

• 10 year battery life.

• 48+ hours operational life.

• 5 year warranty.

*Single handed activation*

## Asado Stainless Steel Boat BBQ with Removable Rail Mount

The Asado Boat BBQ features a sleek, compact design with a large cooking area. It is specifically designed to fit a 25mm diameter rail. Once the mount is attached to the existing rail, the BBQ can be easily slotted on and off, allowing for quick installation and removal when not in use.

**Features:**

- Overall size: 385 x 325mm.
- Cooking area: 380 x 320mm.
- Stainless steel BBQ.
- Drop charcoal tray and grill.
- Dishwasher safe.
- Fits 25mm boat rail.
- Fitted in minutes.
- Removable from rail mount for easy storage.

**Kit contains:**

- Boat BBQ
- Clamp for 25mm rail
- Charcoal tray
- Cooking grill
- 1x instant BBQ

| Part No. |
| --- |
| JPW5083 |
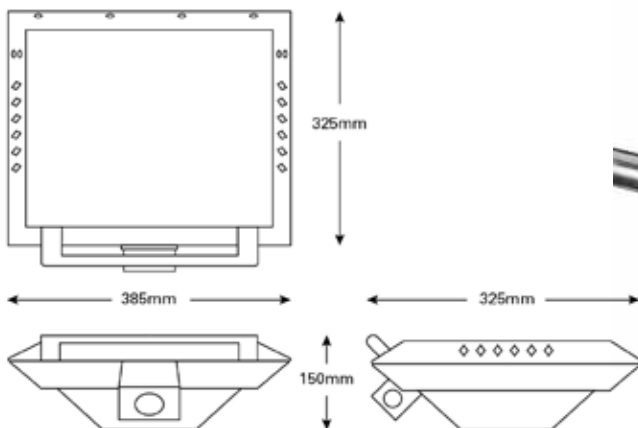

*Using Instant BBQ tray.*
*Follow instructions for use on the Instant BBQ packaging. Replacement charcoal trays can be purchased from local BBQ store or Bunnings.*
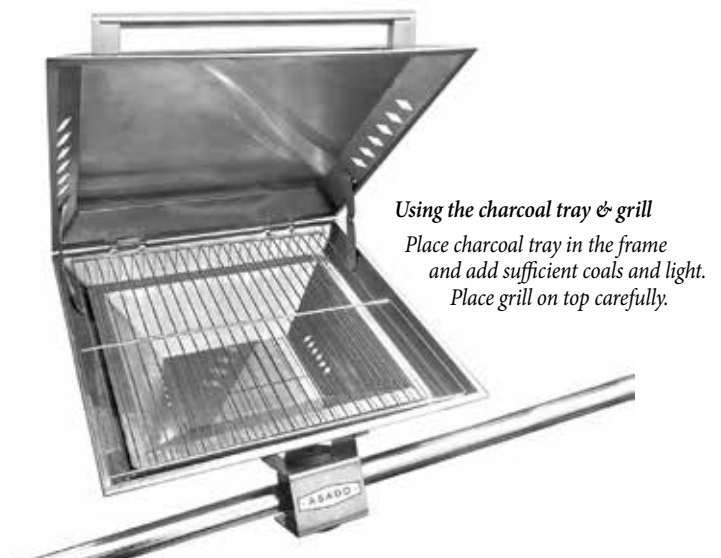

*Using the charcoal tray & grill*
*Place charcoal tray in the frame and add sufficient coals and light. Place grill on top carefully.*

|----------|----------------------------|
| JPW88214 | 89 x 89 x 178 (Excluding Antenna) |

## OceanSignal rescueME MOB1 Lifejacket Light

With an integrated DSC transmitter, this tiny lifejacket light will broadcast your exact location to nearby vessels and onboard systems within 15 seconds, with a range of up to 5 miles. Featuring a robust design, long battery life, and a built-in strobe light for visibility, the MOB1 provides two methods of rapid position communication.

• Integrated DSC transmitter (Digital Selective Calling).
• AIS (Automatic Identification System).
• Simple life jacket integration.
• Fast accurate positioning.
• Automatic activation.
• High intensity strobe.
• 7 year battery life.
• 24 hours operational life.
• 5 year warranty.

| Part No. | Overall Size L x W x H (mm) |
|----------|----------------------------|
| JPW88219 | 100 x 27 x 134 |

## OceanSignal rescueMe PLB1 Personal Locator Beacon

A compact, lightweight personal locator beacon with one handed push button activation, it transmits a distress signal to global rescue authorities via the Cospas-Sarsat satellite network. Featuring a rugged build, long battery life, ultra-bright strobe light, and easy antenna deployment, the PLB1 offers peace of mind in remote locations.

• Unique mounting clip - easily fits to lifejacket
• High brightness strobe light >1candela.
• Free to use, no subscription charges.
• 66 channel GPS receiver.
• Waterproof to 15m.
• Retractable Antenna.
• 24+ hour operational life.
• 7 Year Battery Life.

| Part No. | Overall Size L x W x H (mm) |
|----------|----------------------------|
| JPW88218 | 51 x 33 x 75 |

## Scanstrut ROKK Mini Device Mounts - Bases Only

**SCANSTRUT**

These bases, when paired with Scanstruts ROKK Mini adjustable body (JPW10485) and universal secure grip (JPW10472), will mount smartphones, handheld GPS and other small devices

• For devices up to 1.2kg

**JPW10481**

**JPW10482**

**JPW10483**

**JPW10484**

*Complete assembly - Top & Body sold separately (phone not included)*

*Also available:*

**JPW10486**
*Screw Down Base*

**JPW10487**
*Self-Adhesive Base*

| Part No. | Description | Suits / Application |
|---|---|---|
| JPW10481 | Rail Mount Base | 19-34mm diameter rails |
| JPW10482 | Cable Tie Base | 60-100mm diameter |
| JPW10483 | Suction Cup Base | Clean, non-textured surface |
| JPW10484 | Kayak Track Base | All major kayak track profiles |

## NMEA 2000 (N2K) T-Connector Tee Adapter for Marine Networking

Easy accessory addition to your NMEA 2000 network, compatible with chart-plotters, depth sounders, and more.

• Plug-and-play installation, no tools required.

• Durable, weather-resistant for marine use.

| Part No. |
|---|
| JPW15571 |

## NMEA 2000 (N2K) 4-Way Connector for Marine Networking Systems

4 connection ports for maximum expandability, this connector is an easy accessory addition to your NMEA 2000 network, compatible with chart-plotters, depth sounders, and more.

• Plug-and-play installation, no tools required.

• Durable, weather-resistant for marine use.

| Part No. |
|---|
| JPW15572 |

## Rod Holder Stainless Steel 30deg Head with Gasket, Cap & Insert

Flush mounted rod holder made from highly polished 316-grade stainless steel. The 30deg head has rounded corners and 3 holes for mounting.

• Includes rubber shaft insert, gasket & cap.

• Solid stainless steel gimbal pin through shaft.

• 3 x 8mm countersunk fastening holes.

*Also available with Straight Head (JPW5952).*

| Part No. | Shaft I.D. with insert (mm) | Length (mm) | Head Size (mm) | Cut-out (mm) |
|---|---|---|---|---|
| JPW5952 | 41 | 210 | 115 x 90 | 51 |

## Heavy Duty Battery Switch 350A 12-48V 4-Position (1-2-Both-OFF)

Heavy duty battery switch provides reliable power control for boats, RVs, vehicles, and off-grid systems. Its 4-position design (1-2-Both-OFF) allows easy battery management, preventing drain and ensuring safety.

• 350A Continuous / 1500A Peak (12V) Capacity.

• Durable ABS housing & copper studs (M8 / 5/16").

• Supports 12V-48V DC systems.

• Compact & easy to install.

• Integrated cover for short-circuit protection.

• Removable side panels.

• Includes stainless steel mounting screws and protective caps.

| Part No. | Continuous Rating | Peak Capacity | L x W x H (mm) |
|---|---|---|---|
| JPW6132 | 350A | 1500A | 101 x 101 x 89 |

## NMEA 2000 Drop Cables for Marine Networking Systems

Easily connect instruments, displays, and devices to the network, eliminating tangled wires for a clean, efficient setup.

• Rugged and waterproof for reliable performance.

• Plug-and-play compatibility with NMEA 2000.

• Ensures clear, uninterrupted data transmission.

• Each drop cable requires a spare T-Piece connection.

| Part No. | Length (m) |
|---|---|
| JPW15577 | 0.5 |
| JPW15578 | 1 |
| JPW15584 | 4 |

## LED Illuminated Sealed Rocker Switch with Actuator Cover - LED Light Bar

Water resistant LED illuminated sealed rocker switch with laser etched actuator cover.

• Blue or Red LED illumination

• Laser etched text and logo "LED Light Bar".

• ON/OFF switch function.

• Amp rating 20A @ 12V / 10A @ 24V.

| Part No. | LED Colour |
|---|---|
| JPW12578 | Blue |
| JPW12579 | Red |

**IP65**

**JPW12492**
*Cover Only*

## Stainless Steel Switch Panel Faceplates (No Switches)

Sleek 316-grade stainless steel switch panel faceplates without switches, for custom build your own panels.

• Includes mounting screws.

**JPW12926**
*4 Gang*

**JPW12927**
*6 Gang*

**JPW12928**
*8 Gang*

| Part No. | Gang | L x W (mm) |

## Bennett Marine Classic Hydraulic Trim Tab Complete System with Integrated Helm Control

The Integrated Helm Control (OBI) is an attractive and user-friendly, stand-alone helm control engineered for ease of installation, without the need for an external control unit. The functionality and "brains" of the control unit are engineered directly into a single, space-saving, and simple-to-install keypad.

• Convenient "All Up" and "All Down" buttons.
• Trim tab position LEDs always show you where your tabs are.
• Auto tab retraction (tabs retract up when the ignition is powered off).

| Part No. | MPN | Trim Tab Size | Actuator | Boat Size |
|----------|-----|---------------|----------|-----------|
| JPW16224 | 129OBI | 12" x 9" (305 x 228mm) | Single | 4 - 6m |
| JPW16225 | 189OBI | 18" x 9" (457 x 228mm) | Single | 6 - 7m |
| JPW16226 | 249OBI | 24" x 9" (610 x 228mm) | Single | 6 - 8m |
| JPW16232 | 1212OBI | 12" x 12" (305 x 305mm) | Single | 5 - 7m |
| JPW16233 | 1812OBI | 18" x 12" (457 x 305mm) | Single | 6 - 8m |
| JPW16234 | 2412OBI | 24" x 12" (610 x 305mm) | Double | 7 - 9m |

*This kit replaces the old EIC Control kits.*

## OceanX Watertight Aluminium Deck Hatches

Watertight boat deck hatches constructed with a high-quality scratch resistant anodized aluminium alloy frame and stylish, UV-resistant acrylic smoke glass lens.

• Twist lock adjustable arms keep the hatch open.

• Internal/external closing handles.

• Locking mechanism on internal handles.

• Height from Deck: 27.5mm

• Deck Thickness: 15mm

*Black Frame*

*Silver Frame*

*Riser arm can be unclipped from frame to give full access and 180° lid opening.*

## Suspension Seat Bases

**SHOCKWAVE**

The S5 Suspension Bases absorb wave shock and can help prevent high-impact and cumulative injury.

- Designed and manufactured in Canada.
- Custom tuned and valved, fully adjustable marine spring & shock absorber.
- Adjustable compression and rebound rate.
- Stable 8 pivot design for higher loads.
- Easy to mount and adapt to current seating.
- Mitigating deceleration associated with wave impacts.
- Suspension travel: 4-inch vertical / 1.5-inch forward.

## Ceredi Watertight Access Hatches
## Series 2485 Heavy Duty Black Acetal

Precision-engineered in Italy, these sleek low-profile access hatches are CNC-machined from solid acetalic resin for exceptional strength and UV & corrosion resistance, with zero risk of oxidation. They are built to a high-quality standard, offering a walkable surface with a watertight seal that has been leak tested to 14 KPa.

• Finish with your choice of decking material for seamless integration.
• Made from premium quality black acetal construction.
• UV, saltwater, and chemical resistant.
• Strong mechanical properties and non-corrosive.
• ISO 12216/2004 certified.

## Ceredi Watertight Access Hatches
## Series 2500 Heavy Duty Aluminium

Made in Italy from 51200 marine-grade aluminium alloy, these premium hatches deliver strength, corrosion resistance, and watertight integrity. Leak-tested to 35 KPa, they feature recessed twist-lock handles for a snag-free profile and easy lid removal, and include a matching aluminium fixing kit. The walk-on design supports deck traffic and heavy use making them ideal for commercial, recreational, and marine infrastructure use.

• Made from strong 51200 aluminium alloy.
• Durable oven-baked powder coating (black or white) or raw aluminium finish.
• Must be installed on a flat surface and connected to a sacrificial anode.
• Supplied with aluminium fixing kit, grounding strap, and plastic screw protectors.
• Easy installation with quality fittings included.
• ISO 12216/2004 certified.

## Electric Toilet Silent Flush Ultra Slim Bevelled 12V

This model has been specifically designed to fit into those tight spaces on board.

• White vitreous china bowl with soft close seat lid.
• Special macerator pump allows expulsion up to 5m high.
• Freshwater flush with boats existing pump requires solenoid **(JPW15935 / JPW15936)**
• Saltwater flush requires additional pump **(JPW15877)**.
• Low water consumption.
• Port connections: Inlet: 19mm (3/4")
  Outlet: 25mm & 38mm (1" & 1-1/2").

*355mm  480mm  375mm  410mm  225mm  272mm*

*Includes intelligent control system panel*
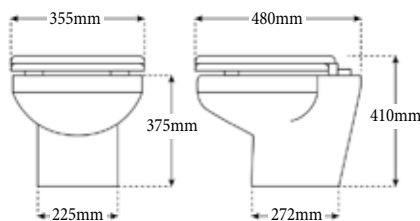

| Part No. | Voltage |
|----------|---------|
| JPW15849 | 12V |

## Electric Toilet Silent Flush Conversion Kit 12V or 24V

Converts the bowl of most toilets, with 4 bolt fixing and bolt centres on a 95 mm (3 3/4") diameter circle, to the ease and convenience of electric silent flush operation.

• Space saving & rotates 360 degrees.
• Pump is easily accessible for servicing.
• Corrosion resistant materials throughout.
• Dual port connection: 25mm / 38mm.
• Compatible with Jabsco, TMC, RM69, SPX, Lalizas and Thetford toilets.

*360° Rotational Port*

| Part No. | Voltage |
|----------|---------|
| JPW15869 | 12V |
| JPW15870 | 24V |

*Includes IC system panel*

## Replacement IC System Panel for Electric Silent Flush Toilets

Ultra Slim Intelligent Control System Panel with level indicator, fits standard Legrand Vela or Cross wall frames.

• 3 functions: Before use, after use and short use.
• Suits Ocean Technologies Silent Flush toilets (automatic operation).

| Part No. |
|----------|
| JPW15843 |

## Replacement Plastic Toilet Base

Plastic base for Standard Flush & Silent Flush Toilets. Also suits most other toilets with the same bolt pattern.

• 4 bolt fixing
• Bolt centres: 95mm (3 3/4") diameter circle.

| Part No. |
|----------|
| JPW15924 |

## Replacement Manual Toilet Pump

Replacement manual toilet pump with full sized external seal housing making cleaning or replacing easy, and provides instant access to pump cylinder.

• Dual lip valves to prevent backflow.
• Brake bushing to stop handle leaks.
• Interchangeable with Jabsco.

| Part No. |
|----------|
| JPW15931 |

## Reinforced Waste Water Tank Kit with Macerator Pump 12V

This waste water tank kit comes complete with the macerator pump pre-mounted and connected to the tank. Moulded from linear low-density polyethylene (LLDP) resin, it has excellent resistance to corrosion and odor permeation, ensuring a longer lifespan.

• Odour-free & leak-free design.
• Efficient dip-tube system.
• Two discharge outlets.
• Fully compliant with ISO 8099:2000(E) standards.

**73L**

**103L**
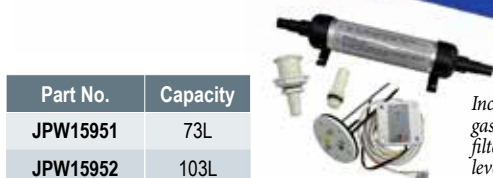

| Part No. | Capacity |
|----------|----------|
| JPW15951 | 73L |
| JPW15952 | 103L |

*Includes 38mm 90° fitting, gas vent, activated carbon filter, control panel and level probe.*

## Waste Tank Level Indicator with Probe

Designed to measure levels in waste water tanks. Includes LED panel with a 3-level scale to alert you when the tank is nearly full.

• 20mm-long plastic bushes prevent short circuits caused by humidity.
• Uses standard VDO connections.
• Voltage: 12/24V.
• Panel cutout: 50mm.
• Probe holder cutout: 40mm.

| Part No. | Details |
|----------|---------|
| JPW15948 | Indicator & Probe |
| JPW15949 | Probe Only |

## Lockable Plastic Y-Valve Waste Diverter for Toilet Systems

A universal valve to discharge either overboard or into waste tanks designed for long distance control by means of a push-pull cable.

• Orientable port connections: 38mm.
• Can be padlocked.

| Part No. |
|----------|
| JPW15919 |

## Square Waste Water Tank Kit with Macerator Pump 12V

Similar to the tanks above, this tank has multiple blank threaded outlets in various sides of the tank to enable custom fitment suitable for any installation.

• Moulded from linear low-density polyethylene.
• Odour-free & leak-free design.
• Efficient dip-tube system.
• Fully compliant with ISO 8099:2000(E) standards.

| Part No. | Capacity |
|----------|----------|
| JPW15953 | 113L |

*Includes 38mm fitting, gas vent, activated carbon filter, control panel and level probe.*

## Brass Electrovalve 1/2" BSP Port for Water Flow Control

Brass electrovalve ideal for controlling water flow in marine plumbing systems.

• Brass body pump
• Voltage: 12V.
• Inlet: 1/2" BSP.

| Part No. |
|----------|
| JPW15935 |

## Plastic Electrovalve 13mm Inlet & 19mm Outlet for Water Flow Control

Economy plastic electrovalve ideal for controlling water flow in marine plumbing systems.

• Plastic body pump.
• Voltage: 12V.
• Inlet: 13mm.
• Outlet: 19mm.

| Part No. |
|----------|
| JPW15936 |

## Marine Digital Bilge Switch Senor for 12V/24V Pumps

Advanced digital bilge switch with sealed sensor technology, suitable for submersible pumps up to 20A at 12V or 24V. Activates at 50mm and deactivates at 20mm fluid levels, with a 5-second delay to prevent false starts.

• Separate power supply between the 3 sensor digital controller and the bilge.
• Pump assuring a better for a better disturbance impact.
• Totally sealed solid state electronics.
• No moving parts.
• No mercury.
• Complies with ISO 8846 marine.

| Part No. |
|----------|
| JPW15934 |

## Laguna Grey & Waste Water Diaphragm Pump 22LPM

Modern diaphragm pump ideal for shower drain, waste water and bilge pumping and general pumping requirements. For intermittent duty, the motor may be reversed to empty bait tank.

• Dual 19mm / 25 mm port connections.
• Compact and simple design & flexible installation.
• Low power consumption & quiet operation.
• Can pump air/water mixture.
• No filter required.
• Can run dry.
• Double non-return valve.
• Dimensions: 305 x 195 x 125mm

*360° Rotational Pump Body*

| Part No. | Flow Rate | Voltage |
|----------|-----------|---------|
| JPW15835 | 22 LPH | 12V |
| JPW15836 | 22 LPH | 24V |

## Laguna Grey & Waste Water Diaphragm Pump 32LPM

Similar to the one above, this compact and simple design pump has a higher flow rate of 32LPM and supplied with staight & angled fittings.

• 38mm port connections.
• Low power consumption & quiet operation.
• Can pump air/water mixture.
• Flexible installation.
• No filter required.
• Can run dry.
• 360° rotational pump body.
• Double non-return valve.
• Dimensions: 355 x 195 x 125mm

*360° Rotational Pump Body*

| Part No. | Flow Rate | Voltage |
|----------|-----------|---------|
| JPW15833 | 32 LPH | 12V |
| JPW15834 | 32 LPH | 24V |

## Super-Compact Waste & Grey Water Diaphragm Pump 22LPM

Modern diaphragm pump featuring a flexible design that can be used in several applications, with different pump motor configurations. Perfect for installation in tight spaces, including small bilge compartments.

• Super compact and simple design & flexible installation.
• Low power consumption & quiet operation.
• Can pump air/water mixture.
• No filter required.
• Can run dry.
• 360° rotational pump body
• Double non-return valve
• Dimensions: 190 x 245 x 125mm

*360° Rotational Pump Body*

| Part No. | Flow Rate | Voltage |
|----------|-----------|---------|
| JPW15837 | 22 LPH | 12V |
| JPW15838 | 22 LPH | 24V |

## Eco Multi-Purpose Pump 30LPM

This compact, self-priming general purpose pump is ideal for tasks such as deck washing, bilge pumping, livewell circulation, ballast transfer, and diesel refuelling at dockside.

• Self-priming up to 3m vertical lift.
• Suitable for use from -30°C to +40°C.
• Reversible to both fill and empty tanks.
• Must be mounted in a dry location.
• Cannot run dry.
• Dimensions: 160 x 120 x 90mm.

| Part No. | Flow Rate | Voltage |
|----------|-----------|---------|
| JPW15823 | 30 LPH | 12V |
| JPW15824 | 30 LPH | 24V |

## Multi-Purpose Marine Brass Utility Pump 30LPM

Compact design with durable bronze housing and brass body with a stainless steel shaft. Includes a super nitrile impeller and PTFE mechanical seal.

• Self-priming up to 3m vertical lift.
• Suitable for use from -30°C to +40°C.
• Reversible to both fill and empty tanks.
• Must be mounted in a dry location.
• Cannot run dry.
• Dimensions: 160 x 120 x 90mm.

| Part No. | Flow Rate | Voltage |
|----------|-----------|---------|
| JPW15825 | 30 LPH | 12V |
| JPW15826 | 30 LPH | 24V |

Ocean Technologies

## Standard Aerator Bilge Pump

Bilge pump with a cartridge-style motor and detachable universal base plate with strainer and pin. Completely submersible it performs efficiently in both saltwater and freshwater environments.

• Not self-priming (must be installed below waterline).
• Ability to run dry for short periods.
• 316-grade stainless steel shafts.
• Completely submersible.
• Silent and vibrationless operation.
• Includes 19mm straight port and 360° adjustable elbow fitting.
• Dimensions: 79 x 130 x 116mm

| Part No. | Flow Rate | Voltage | Amps |
|---|---|---|---|
| JPW15805 | 500 GPH | 12V | 1.8A |
| JPW15806 | 750 GPH | 12V | 2.7A |
| JPW15807 | 750 GPH | 24V | 1.5A |

## Aerator Bait Tank Pump Kit with Spray Head

Same pump as opposite, supplied in a kit.
• Dimensions: 118 x 136 x 79mm

**Kit contains:**
1x Aerator pump with short inlet and threaded outlet
1x Aerator spray head
1x Stainless steel strainer
2x Plastic hose clamps
1x Poly hose 3/4" dia x 500mm (23") long
1x Straight thread-to-barb connector
1x Elbow fitting

| Part No. | Flow Rate | Voltage | Amps |
|---|---|---|---|
| JPW15797 | 500 GPH | 12V | 1.8A |
| JPW15798 | 750 GPH | 12V | 2.7A |
| JPW15799 | 750 GPH | 24V | 1.5A |

## Aerator Bilge Pump with Twin Ports

Same pump as above but with twin port connection.
• 500GPH & 750GPH models include 19mm straight port and 360° adjustable elbow fitting.
• Dimensions: 64 x 130 x 145mm
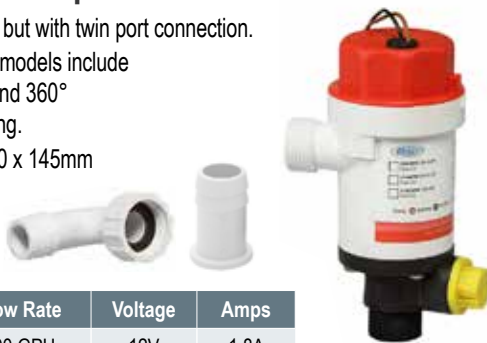

| Part No. | Flow Rate | Voltage | Amps |
|---|---|---|---|
| JPW15814 | 500 GPH | 12V | 1.8A |
| JPW15815 | 750 GPH | 12V | 2.7A |
| JPW15817 | 1100 GPH | 12V | 4.0A |

## Replacement Bilge Pump Cartridge Motor

Universal cartridge motor suits all Ocean Technologies / Matro Marine submersible bilge pumps.
• When replacing the motor cartridge, the hose and fittings stay connected - minimizing disruption.

| Part No. | Flow Rate | Voltage | Amps | Fuse |
|---|---|---|---|---|
| JPW15792 | 500 GPH | 12V | 1.8A | 4 |
| JPW15793 | 750 GPH | 12V | 2.7A | 3 |
| JPW15794 | 750 GPH | 24V | 1.5A | 3 |
| JPW15795 | 1100 GPH | 12V | 4.0A | 6 |

## Aerator Bilge Pump with Angled Port

Same pump as above but with an angled port connection.

• Includes 19mm straight port and 360° adjustable elbow fitting.
• Dims: 64 x 180 x 150mm

| Part No. | Flow Rate | Voltage | Amps |
|---|---|---|---|
| JPW15819 | 500 GPH | 12V | 1.8A |
| JPW15820 | 750 GPH | 12V | 2.7A |
| JPW15821 | 750 GPH | 24V | 1.5A |

## Manual Waste Water Pump Large1000 53LPM

Large capacity manual waste pump, built with high-quality materials for long-lasting performance. It's perfect for installation in tight spaces.

• 3 mounting orientations (on-deck, thru-deck, on-bulkhead)
• Low power consumption & quiet operation.
• Can pump air/water mixture.
• No filter required.

| Part No. | Flow Rate |
|---|---|
| JPW15882 | 56 LPM |

## Multi-Stud Galvanised Steel Wheel Rims & Tyres

Hot-dipped galvanised steel rims perfect for where corrosion resistant galvanised wheels are a necessity.

• Multi-stud pattern: 5x 4.25 / 5x 4.50.

• For trailer use only.

| Part No. | Wheel Size | Tyre Size / Rating |
|---|---|---|
| JPW6386 | 13" x 4.5" | 13" 155 / 600kg |
| JPW6388 | 13" x 4.5" | 13" 165 / 670kg |

## Ripper Series Alloy Wheel & Tyre

Modern boat trailer Alloy wheel mag, supplied complete with tyre.

• Single-stud pattern: 6 x 139.70

• Suits Landscruiser stud pattern.

• For trailer use only.

| Part No. | Wheel Size | Tyre Size / Rating |
|---|---|---|
| JPW6396 | 16" x 7.5" | 16" 235 / 1450kg |

## X-Series Multi-Stud Alloy Wheel & Tyres

Modern boat trailer Alloy wheel mag, supplied complete with tyre.

• Suitable for HT 5 x 108 and Ford 5 x 114.3.

• Multi-stud pattern: 5x 4.25 / 5x 4.50.

• For trailer use only.

| Part No. | Wheel Size | Tyre Size / Rating |
|---|---|---|
| JPW6391 | 13" x 5.0" | 13" 165 / 670kg |
| JPW6392 | 14" x 5.5 | 14" 185 / 850kg |

## Predator Series Alloy Wheel & Tyre

Modern boat trailer Alloy wheel mag, supplied complete with tyre.

• Single-stud pattern: 6 x 139.70.

• Suits Landscruiser stud pattern.

• For trailer use only.

| Part No. | Wheel Size | Tyre Size / Rating |
|---|---|---|
| JPW6406 | 15" x 6" | 15" 235 / 1250kg |

## High Speed Trailer Wheel Bearing Kits

Designed for maximum load carrying capacity ensuring smooth mobility and long-life of any boat trailer.

• Holden LM or Ford SL trailers.

• Kits include bearing set and either standard or 2-part grease seal.

| Part No. | Model | Tyre Size / Rating | Suits Trailer Axles |
|---|---|---|---|
| JPW6421 | Holden LM | Bearing set & 2-part Grease seal | 39mm round / 40mm square |
| JPW6422 | Holden LM | Bearing set & Standard Grease seal | 39mm round / 40mm square |
| JPW6423 | Ford SL | Bearing set & Standard Grease seal | 45mm square |
| JPW6424 | Ford SL | Bearing set & 2-part Grease seal | 45mm square |

**Contact the office or log in to your online account for pricing.**

## Tie-Down Ratchet Stainless Steel 200kg 1.8m x 25mm Pair

A quick, safe solution to securing loads on trailers.

• Suitable for jet skis or small boats.

• Stainless steel ratchet rensioners.

• PVC covered 'S' hooks.

• High quality webbing.

• Supplied as a pair.

| Part No. | Width (mm) | Length (m) | Lashing Capacity (kg) |
|---|---|---|---|
| JPW6529 | 25 | 1.8 | 200 |

## Tie-Down Ratchet Stainless Steel 200kg 4m x 25mm

A quick, safe solution to securing loads on trailers.

• Suitable for jet skis or small boats.

• Stainless steel ratchet rensioner.

• PVC covered 'S' hooks.

• High quality webbing.

• Sold individually.

| Part No. | Width (mm) | Length (m) | Lashing Capacity (kg) |
|---|---|---|---|
| JPW6528 | 25 | 4 | 200 |

## LED Trailer Light Board 1.5m with 8m Cable & Plugs

Designed for safety and visibility on the road, this light board has combined brake, tail, and indicator lights with additional large reflectors on each end.

• Easy to install and compatible with standard wiring setups.

• Pre-wired 8m long cable.

• Board overall length: 1.5m.

• Supplied with 7-pin flat plug & 7-pin round plugs.

| Part No. |
|---|
| JPW6222 |

## Tie-Down Ratchet Stainless Steel 400kg 1.5m x 50mm Pair

• Suitable for jet skis or small boats.

• Stainless steel ratchet rensioners.

• PVC covered 'S' hooks.

• High quality webbing.

• Supplied as a pair.

| Part No. | Width (mm) | Length (m) | Lashing Capacity (kg) |
|---|---|---|---|
| JPW6527 | 50 | 1.5 | 400 |

## Tie-Down Ratchet Stainless Steel 400kg 5.5m x 50mm

A quick, safe solution to securing loads on trailers.

• Suitable for small to medium boats.

• Stainless steel ratchet rensioner.

• PVC covered 'S' hooks.

• High quality webbing.

• Sold individually.

| Part No. | Width (mm) | Length (m) | Lashing Capacity (kg) |
|---|---|---|---|
| JPW6530 | 50 | 5.5 | 400 |

## Replacement Atlantic Cadet Series Winch Handle

Replacement removable winch handle.

• Suits Atlantic Cadet manual trailer winches.

| Part No. |
|---|
| JPW6497 |

## Bow Roller with End Caps
## Black Polyurethane

Mounted on the winch post, these 3-piece rollers are designed to assist smooth and secure loading.

• Replace the old V-blocks which have minimum tolerance.

• Black high-density polyurethane.

• Suitable for aluminium hulls.

• Includes bolt & nuts.

| Part No. | Size |
|----------|------|
| JPW6426 | 75mm (3") |
| JPW6428 | 100mm (4") |

## V Bow Roller with End Caps
## Black Polyurethane

3-piece roller with Vee shape to replace old V-blocks.

• Suitable for aluminium hulls.

• Includes bolt & nuts.

| Part No. | Size |
|----------|------|
| JPW6427 | 75mm (3") |
| JPW6429 | 100mm (4") |

## Centering Roller Blue High Density
## Polyurethane

The innovative grooved design guides your boat smoothly towards the center of the trailer, and provide maximum keel support and protection.

• Hard blue high-density polyurethane.

• Suitable for aluminium hulls.

• Suits 16mm pin.

| Part No. | Size |
|----------|------|
| JPW6631B | 150mm (6") |
| JPW6632B | 200mm (8") |

## Sydney Keel Soft Red Polyurethane Rollers

Specifically designed to accommodate the flat hull design of fibreglass boats.

• Soft red polyurethane.

• Suitable for fibreglass & aluminium hulls.

• Suits 16mm pin.

| Part No. | Size |
|----------|------|
| JPW6671 | 150mm (6") |
| JPW6672 | 200mm (8") |

## Cotton Reel Keel Rollers - Soft Red
## Polyurethane

Specifically designed to accommodate the flat hull design of fibreglass boats.

• Soft red polyurethane.

• Suitable for fibreglass & aluminium hulls.

| Part No. | Size |
|----------|------|
| JPW6676 | 115mm (4.5") |
| JPW6677 | 150mm (6") |
| JPW6678 | 200mm (8") |

## Trailer Roller Washers

For trailer roller assemblies, compatible with round spindles or pins.

• Sold in a pack of 10.

| Part No. | Dia x Pin (mm) |
|----------|----------------|
| JPW6721 | 35 x 16 |
| JPW6722 | 38 x 20 |

## Trailer Roller Split Pins

Stainless steel split pins, sold in a pack of 10.

| Part No. | Size (mm) |
|----------|-----------|
| JPW6723 | 30 x 4mm |

## Galvanised Forged Roller Spindle Kit

Hot-dipped galvanised roller spindle, supplied with washer & split pin.

| Part No. | Dia x Length (mm) |
|----------|-------------------|
| JPW6711 | 16 x 145 |
| JPW6712 | 16 x 203 |
| JPW6713 | 16 x 240 |

## Galvanised Roller Bracket with Single Stem

Hot-dipped galvanised single square stem bracket.

• Stem length x width: 155 x 20mm

• Suits 16mm pin.

| Part No. | Suits Roller Length |
|----------|---------------------|
| JPW6716B | 114mm (4.5") |
| JPW6717B | 150mm (6") |
| JPW6718B | 200mm (8") |

## Stem Wood Yoke Bracket for Trailer Roller & Skid Assembly

Hot-dipped galvanised solid square stem bracket, complete with 8.8 grade bolt & nut.

• Stem length x width: 203 x 19mm

• Suits 16mm pin.

• Use with Stem Bracket (**JPW6729**).

*Opening: 45mm or 54mm*

| Part No. | Opening (mm) |
|---|---|
| JPW6724 | 45 |
| JPW6725 | 54 |

*Suits Trailer Planks & Supports*

## Angled Stem Wood Yoke Bracket for Trailer Roller & Skid Assembly

Hot-dipped galvanised solid square angled stem bracket, complete with 8.8 grade bolt & nut.

• Stem length x width: 203 x 19mm

• Suits 16mm pin.

• Use with Stem Bracket (**JPW6729**).

*Opening: 54mm*

| Part No. | Opening (mm) |
|---|---|
| JPW6726 | 54 |

*Suits Trailer Planks & Supports*

## Adjustable Stem Bracket for Trailer Roller & Skid Assembly

Hot-dipped galvanised adjustable bracket for mounting stem brackets.

• Complete with 8.8 grade bolt & nut.

• Suits 19mm square stem.

*Opening: 50 x 25mm*

**JPW6727**

*Opening: 50 x 50mm*

**JPW6728**

| Part No. | Opening (mm) |
|---|---|
| JPW6727 | 50 x 25 |
| JPW6728 | 50 x 50 |

## Bolt-on Bracket for Stem Bracket Assembly

Hot-dipped galvanised bolt on or weld on bracket for mounting stem brackets, complete with bolt & nut.

• Suits 19mm square stem.

| Part No. |
|---|
| JPW6729 |

## Boat Trailer Blocks

These blocks with groove have excellent UV stabilisation, durability, and impact resistance while minimising abrasion.

• Made from durable blue Teflon.
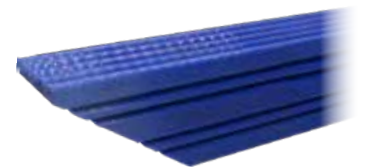

• Suitable for aluminium boats.

| Part No. | L x W x H (mm) |
|---|---|
| JPW6771 | 250 x 40 x 63 |
| JPW6772 | 350 x 40 x 63 |

## Trailer Plank Block - Straight

Low-friction surface reduces wear on both the plank and anything sliding across it, ensuring smooth operation and lasting durability.

• Made from durable blue Teflon.

• UV stabilised, durable and impact resistant.

• Suitable for aluminium boats.

| Part No. | L x W x H (mm) |
|---|---|
| JPW6755 | 1500 x 40 x 65 |

## Trailer Plank Block - Bent

Low-friction surface reduces wear on both the plank and anything sliding across it, ensuring smooth operation and lasting durability.

• Made from durable blue Teflon.

• UV stabilised, durable and impact resistant

• Suitable for aluminium boats.

| Part No. | L x W x H (mm) |
|---|---|
| JPW6757 | 1500 x 45 x 70 |

## Trailer Skid Strip with Groove

Low-friction surface reduces wear on both the plank and anything sliding across it, ensuring smooth operation and lasting durability.

• Made from durable blue Teflon.

• UV stabilised, durable and impact resistant.

• Suitable for aluminium boats.

| Part No. | L x W x H (mm) |
|---|---|
| JPW6762 | 360 x 50 x 15 |
| JPW6752 | 1500 x 50 x 16 |
| JPW6767 | 2000 x 50 x 16 |

## KUS S5 NMEA2000 Tank Level Senders   KUS

NS5 liquid level sender with simple plug-and-play connection to existing network.

• SAE 5 hole flange mount with FPM gasket.

• 250mm tinned wire covered in PVC.

**IP67**

| Part No. | Length (mm) |
|----------|-------------|
| JPW2420  | 150         |
| JPW2421  | 200         |
| JPW2422  | 225         |
| JPW2423  | 250         |
| JPW2424  | 275         |
| JPW2425  | 300         |
| JPW2426  | 350         |
| JPW2427  | 400         |
| JPW2428  | 450         |
| JPW2429  | 500         |

*Length is measured from the underside of the flange to the base of the shaft.*

## KUS NMEA Liquid Level Gauge   KUS

Fuel, Water and Waste gauges with 316-grade stainless steel bezel & black dial.

• Input Signal: NMEA 2000 & J1939

• Cable length: 1m

• 52mm cut-out.

• Voltage: 12/24V.

**IP67**

JPW2520

JPW2521

JPW2522

| Part No. | Type  |
|----------|-------|
| JPW2520  | Fuel  |
| JPW2521  | Water |
| JPW2522  | Waste |

## KUS Waste Level Gauge   KUS

Black plastic bezel & black dial face plate with reinforced anti-fog lens.

• Indication range: Low to Full.

• 52mm cut-out / 60mm diameter.

• Voltage: 12/24V

**IP67**

| Part No. | Resistance (Ohm) |
|----------|------------------|
| JPW2527  | 240 - 33         |

## KUS Gauge Resistance Exchanger   KUS

The KUS resistance converter matches fuel or tank senders with gauges by switching between UE and USA resistance ranges.

• Use when sensor and gauge signals don't match.

• 240–33OHMs < > 0–190OHMs.

• Voltage: 12V.

| Part No. |
|----------|
| JPW2515  |

## NMEA 2000 Connector & Terminators

Designed to easily expand your network or for completing each end of the backbone.

• Durable ABS construction.

| JPW15568 | Male Terminator |
| JPW15569 | Female Terminator |
| JPW15573 | 2-way Connector |

## Circuit Breaker Heavy Duty with Manual Reset

Surface mount circuit breaker with visible tripped indicator.

• Sealed casing, splash and dust proof.

• Unique reset mechanism.

• Voltage: 12–42V

**IP66**

| Part No. | Amps |
|----------|------|
| JPW12061 | 50A  |
| JPW12062 | 60A  |
| JPW12063 | 80A  |
| JPW12064 | 100A |
| JPW12065 | 120A |

*Unique side cable connection (opposed to standard top/bottom connection)*

## Battery Cable Lead with Lugs

Tinned copper wire marine grade battery cables with heavy duty tinned lugs attached to each end.

• Gauge: 10mm lug.

• PVC insulation is oil and fuel resistant.

| Part No. | Length (m) | Colour |
|----------|------------|--------|
| JPW12071 | 0.5        | Black  |
| JPW12072 | 0.5        | Red    |

| JPW12074 | 1.2        | Red    |
| JPW12075 | 2          | Black  |
| JPW12076 | 2          | Red    |

## Fuse Box Blocks Clip Cover with LED Indicators and Fuses

Standard ATS blade fuse or plug-in type circuit breaker with clip on transparent cover.

• Indication lights for when fuse is broken simplifies troubleshooting.

• Includes negative bar, 80x identification stickers, fuses & mounting screws.

JPW12992

JPW12993

*LED indication*

| Part No. | No. Fuses | Overal LxWxH (mm) | Fuses Included |
|---|---|---|---|
| JPW12992 | 6-way | 125 x 85 x 40 | 4x 5A / 2x 10A |
| JPW12993 | 12-way | 165 x 85 x 40 | 3x 5A / 3x 10A / 3x 15A 3x 20A |

## Lockable Fuse Box Block with LED Indicators and Fuses 12-Way

Standard ATS blade fuse or plug-in type circuit breaker with clip on transparent lockable cover.

• Indication lights for when fuse is broken.

• Includes negative bar, 80x identification stickers, fuses & mounting screws.

*LED indication*

| Part No. | No. Fuses | Overall LxWxH (mm) | Fuses Included |
|---|---|---|---|
| JPW12959 | 12-way | 160 x 95 x 60 | 3x 5A / 3x 10A / 3x 15A 3x 20A |

## Screw Terminal Blocks

Tin-plated brass tin terminal blocks with M3 steel nickle plated screw connections.

• Rated Voltage & Current: 300V, 20A.

• Wire range: 22-12AWG.

| Part No. | Gang | Overall LxW (mm) |
|---|---|---|
| JPW12047 | 8 gang | 55 x 21 |
| JPW12048 | 12 gang | 74 x 21 |
| JPW12049 | 16 gang | 93 x 21 |
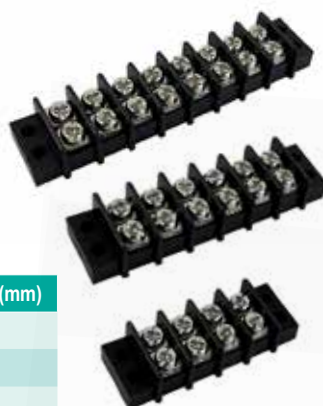

## Bus Bar Single Stud with Boot

Single stud bus bar offer an organised solution for electrical wiring.

• Heavy duty single terminal studs.

• Base size (LxW): 84 x 44mm.

• Includes boot and mounting screws.

| Part No. | Stud Size | Base |
|---|---|---|
| JPW10352 | M6 (1/4") | Black |
| JPW10353 | M6 (1/4") | Red |
| JPW10354 | M8 (5/16") | Black |
| JPW10355 | M8 (5/16") | Red |
| JPW10356 | M10 (3/8") | Black |
| JPW10357 | M10 (3/8") | Red |

## Bus Bar Heavy Duty Power Distribution Terminal Block

Power distribution terminal block with clear, removable plastic cover.

• Max Voltage: 48V DC / 300V AC.

• Overall (LxWxH): 140 x 70 x 45mm.

JPW12035

JPW12034

JPW12033

| Part No. | Position | Screws | Cont. Rating |
|---|---|---|---|
| JPW12033 | 6-way | 2x M10 / 6x M5 | 300 AC/ DC |
| JPW12034 | 4-way | 4x M10 | 300 AC/DC |
| JPW12035 | 12-way | 4x M6 / 12x M4 | 150 AC/DC |

## Heavy Duty Bus Bar Power Distribution Terminal Block

Power distribution terminal block with solid, removable plastic cover.

• Max Voltage: 48V DC / 300V AC.

• Overall (LxWxH): 138 x 67 x 51mm.

JPW12039

JPW12041

| Part No. | Position | Screws | Cont. Rating |
|---|---|---|---|
| JPW12039 | 12-way | 4x M6 / 12x M4 | 300 AC/ DC |
| JPW12041 | 4-way | 4x M8 | 300 AC/DC |

## Stainless Steel Push Button Switch Panels with Blue LED On/Off Switches

Polished or black coated 316-grade stainless steel panel, supplied with pre-wired removable switches.

• Blue ring LED switch with ON/OFF actuation.
• Mount horizontally or vertically.
• Silver alloy contacts.
• Each switch is rated to 15A.
• Max current: 20A per 2 branches.
• Voltage: Multivolt 12-24V.

**IP65**

*Individual terminated plugs*

**JPW12805**
*100x icon labels*

*Swap switches with other Push Button Switches for customised panels*

## Polished Stainless Steel Panel with Stainless Steel Push Button Switches

**JPW12747**    **JPW12748**    **JPW12749**

| Part No. | No. Switches | Overall (mm) | Cutout (mm) |
|----------|--------------|--------------|-------------|
| JPW12747 | 2 gang | 70 x 40 | 56 x 26 |
| JPW12748 | 3 gang | 100 x 40 | 86 x 26 |
| JPW12749 | 4 gang | 132 x 40 | 118 x 26 |

## Black Stainless Steel Panel with Stainless Steel Push Button Switches

**JPW12750**    **JPW12751**    **JPW12752**

| Part No. | No. Switches | Overall (mm) | Cutout (mm) |
|----------|--------------|--------------|-------------|
| JPW12750 | 2 gang | 70 x 40 | 56 x 26 |
| JPW12751 | 3 gang | 100 x 40 | 86 x 26 |
| JPW12752 | 4 gang | 132 x 40 | 118 x 26 |

## Black Stainless Steel Panel with Black Push Button Switches

**JPW12750B**    **JPW12751B**    **JPW12752B**

| Part No. | No. Switches | Overall (mm) | Cutout (mm) |
|----------|--------------|--------------|-------------|
| JPW12750B | 2 gang | 70 x 40 | 56 x 26 |
| JPW12751B | 3 gang | 100 x 40 | 86 x 26 |
| JPW12752B | 4 gang | 132 x 40 | 118 x 26 |

## Water Resistant Black Aluminium Ring LED Push Button Switches

Water resistant black anodised aluminium push button switches, replacements for strip switch panels.

• Blue or red ring LED.
• Suits 19mm cutout.
• Max current: 16A or 20A without wiring harness.
• Voltage: Multivolt 12-24V.
• Sticker set to suit sold separately (**JPW12805**).

**IP65**

| Part No. | Actuation | LED |
|----------|-----------|-----|
| JPW12802-1 | ON/OFF | Blue |
| JPW12802-2 | Momentary (ON)/OFF | Blue |
| JPW12802-3 | ON/OFF | Red |
| JPW12802-4 | Momentary (ON)/OFF | Red |

*Individual terminated plug*

## Digital Voltage Sensitive Relay (DVSR) 140A

Surface or panel mount with robust glass fiber, reinforced nylon enclosure.

• Optional Storage Mode allows zero power consumption when engine is off.
• Port for remote LED indication VSR status (remote LED not included).
• Norminal Voltage: 12/24V
• Continuous Current Rating: 125A
• Intermittent Current Rating: 140A
• Power consumption: 330mA.

*Built in LED indication*

| Part No. |
|----------|
| JPW6111 |

## Single Battery Isolator Switch with Removable Yellow Knob

A tough weather resistant single battery isolator switch with removable yellow knob, used to help identify AUX or secondary battery.

• Surface or recess mounted with removable side & back panels.
• Two position for single battery.
• Tin copper plated studs & nuts.
• Compact size matches BEP Type.
• Overall (LxWxH): 68 x 68 x 75mm.
• Includes mounting nut and screws.
• Ignition protected.

**JPW6135**
*Red knob*

| Part No. |

| JPW6134 |

*Blister Packed*

**Quick** Nautical Equipment

**ANKERPLEX** KEEPING THE POSITION

## Ankerplex Anchors

The Ankerplex Folding Anchor is a modern anchor that offers high holding power, instant setting, and great repositioning capability when wind or tide changes.

Available in 304-grade stainless steel, hot-dipped galvanised steel or marine grade aluminium in different sizes to meet the anchoring needs of all types of boats: from kayaks, jet skis or small tinnys, to large motorboats, sailboats and yachts.

• High performance, high hold folding anchor.
• Solid and self-supporting three-dimensional unit.
• Consists of 3 flat sheet metal parts.
• Self-launching.
• Secure and stable in various seabeds.
• No moving parts.
• No tools required for assembly.
• Includes bow shackle.

**ANKERPLEX**

| Part No. | | Anchor Size | Suggested Boat Size |

## Olympic Anchor Polished Stainless Steel

The Olympic Anchor is designed to suit a wide range of boat sizes, ensuring secure and stable anchoring in various seabeds, including sand, mud, and gravel. The unique design allows for quick and reliable setting, providing maximum grip and stability even in challenging conditions.

• Polished corrosion resistant 316-grade stainless steel.
• Plough-shaped arm.
• Offers superior strength and secure holding.
• For various boat sizes.
• Designed for stability on different seabeds.

| Part No. | Anchor Size | Suggested Boat Size |
|---|---|---|
| JPW96302 | 7kg | 6m |
| JPW96303 | 10kg | 8.5m |

**JPW4986**
*Olympic Anchor Swivel Polished Stainless Steel 8-10mm*

## AnchorX Slider Anchors

An affordable, practical solution for boaters who want reliable holding power and easy retrieval, without the costly price tag. The sliding shank design allows the chain to move freely along the shaft, helping free the anchor if it becomes fouled in sand, mud, or reef. Available in hot-dipped galvanised steel or highly-polished 316-grade stainless steel construction for superior corrosion resistance.

• Sliding shank design for easy retrieval from reef or sand.
• Flukes self-align and set quickly in sand, mud, and silt.
• Self-launching, low-centre-of-gravity design for immediate setting.
• Fluke increases resistance to dragging and twisting.
• Based on a popular delta-style & claw design.
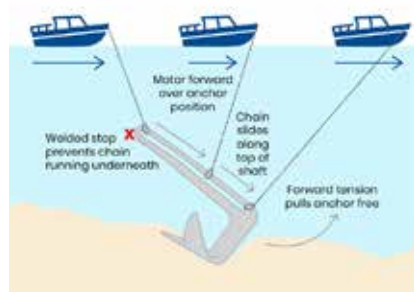

**HOW IT WORKS:**
1. A welded stop at the base of the shank prevents the chain shackle from running beneath the anchor.
2. Position the boat directly above where the anchor is set and slowly motor forward.
3. As you move ahead, the chain and shackle move smoothly along the top of the slider shaft.
4. The forward tension shifts the shackle toward the front of the shank, pulling the anchor free from the seabed.
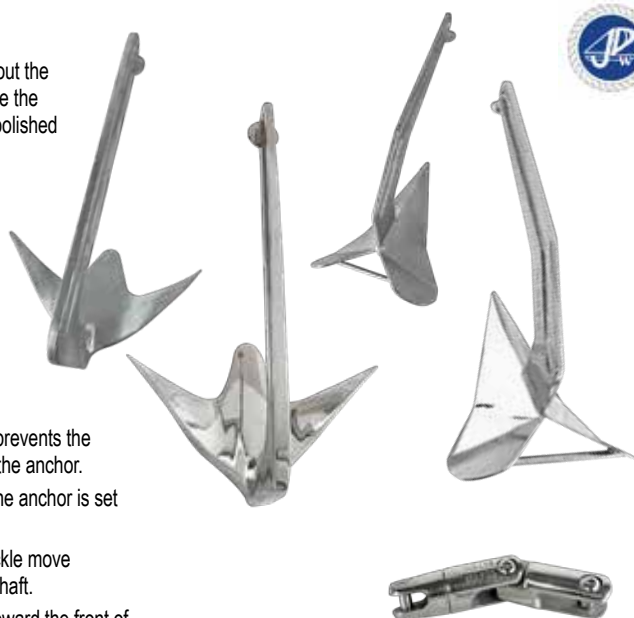

**JPW4986**
*AnchorX Double Swivel Connector suits 6-8mm*

### AnchorX Claw Slider Anchors

| Galvanised | Stainless Steel | Anchor Size | Suggested Boat Size |
|---|---|---|---|
| JPW96166 | JPW96172 | 5kg | 5m - 9m |

## Adhesive Lined Heat Shrink Terminals

Cable terminals with heat activated adhesive built into the sleeve of the heat shrink tubing to form a watertight seal and provide reliable vibration and strain relief.

• Tinned for corrosion resistance.
• Pure copper for maximum current flow.
• Brazed seam for maximum strength.
• Colour coded.

### Butt Splice Connectors

| Part No. | Wire Size (mm) | Qty (per pack) | Colour |
|---|---|---|---|
| JPW87744 | 2 | 50 | Red |
| JPW87745 | 2 | 20 | Red |

## Speaker Figure-8 Twin Core Tinned Cable

Twin-core tinned copper wire cable used for hook-up speaker connection.

• Meets AS/NZS 3808 standards.

• Coil length: 20m or 100m.

| Part No. | | Cable Size (mm) |
|---|---|---|
| 20m | 100m | |
| JPW88155 | JPW88157 | 3 |
| JPW88159 | JPW88161 | 4 |

## Trailer Tinned 5-Core or 7-Core Cable

Provide reliable power and signal transmission for lights, brakes, and accessories.

• Tinned copper wire.

• Meets AS/NZS 3808 standards.

• Coil length: 10m, 30m or 100m.

| Part No. | | | Core Type | Cable Size (mm) |
|---|---|---|---|---|
| 10m | 30m | 100m | | |
| JPW88148 | JPW88149 | JPW88150 | 5-core | 2.5 |
| JPW88151 | JPW88152 | JPW88153 | 7-core | 3 |

## Marine Battery Cable

High temperature, thin wall low voltage, tnned copper wire cables.

• Meets AS/NZS 3808 standards.

• Coil length: 30m.

| Part No. | | Nearest B&S Size |
|---|---|---|
| Black | Red | |
| JPW88086 | JPW88087 | 8 |
| JPW88088 | JPW88089 | 6 |
| JPW88090 | JPW88091 | 4 |

| JPW88094 | JPW88095 | 2 |
| JPW88096 | JPW88097 | 0 |

## Twin Sheath Two Core Tinned Cable

Two tinned copper cores with an outer twin sheath ideal for marine, automotive, and outdoor electrical applications

• Meets AS/NZS 3808 standards.

• Coil length: 10m, 50m or 100m.

| Part No. | | | Cable Size (mm) |
|---|---|---|---|
| 10m | 50m | 100m | |
| JPW88174 | JPW88166 | JPW88167 | 2 |
| JPW88175 | JPW88168 | JPW88169 | 3 |
| JPW88176 | JPW88170 | JPW88171 | 4 |
| JPW88177 | JPW88172 | JPW88173 | 6 |

## Single Core Tinned Cable

Tinned copper wire cables used for general purpose marine wiring.

• Meets AS/NZS 3808 standards.

• Coil length: 50m.

| Part No. | | Cable Size (mm) |
|---|---|---|
| Black | Red | |
| JPW88139 | JPW88141 | 3 |
| JPW88140 | JPW88142 | 4 |
| JPW88144 | JPW88146 | 6 |

## Triple Core Tinned Cable

Tinned copper wire cable ideal for powering and connecting multiple circuits.

• Meets AS/NZS 3808 standards.

• Coil length: 10m or 50m.

| Part No. | | Cable Size (mm) |
|---|---|---|
| 10m | 50m | |
| JPW88185 | JPW88186 | 4 |

## Osculati Premium Flush Access Storage Hatches

Made from UV-resistant ABS plastic material, these hatches feature faired cover that hides the frame completely and have flat hinges to create a fully flush finish.

• Can be used for storage, access, or inspection.
• 180° opening with pre-drilled countersunk fastening holes.
• Walking surface, mount vertically or horizontally.
• UV resistant & splashproof (not 100% waterproof).
• CE Approved (UNI EN ISO 12216:2004).

## Osculati Access Hatches with Box

Made from UV-resistant ABS plastic material, these all-in-one hatches come fitted complete with a durable built-in locker box.

• Perfect for lockers, storerooms or bulkheads.
• Pre-drilled countersunk fastening holes.
• Walking surface, mount vertically or horizontally.
• UV resistant & splashproof (not 100% waterproof).
• CE Approved (UNI EN ISO 12216:2004).

**PENRITE**
Celebrating 100 YEARS

## Penrite Marine Grease

- Enhanced protection against rust and corrosion.
- Protects against shock loadings.
- Excellent resistance to water wash out.
- Long service life.
- Lead and chlorine free.
- Good pumpability.
- Contains tackiness additives to help grease stay in place.

| Part No. | Capacity |
|----------|----------|
| PEN1200 | 450g |
| PEN1201 | 500g |
| PEN1202 | 2.5kg |

## Penrite Marine Outboard 2-Stroke Semi Synthetic Oil

- Minimises plug fouling, pre-ignition, ring sticking and exhaust port blockage.
- Low smoke performance.
- Provides excellent anti-seize and anti-scuff performance.
- Correct viscosity for consistent flow rates in oil-injected engines.
- Improved smoke control with a very high pass in the ISO EG-B requirements.

| Part No. | Capacity |
|----------|----------|
| PEN1210 | 1L |
| PEN1211 | 5L |
| PEN1212 | 20L |

## Penrite Marine Diesel 4-Stroke Oil Semi Synthetic 15W-40

- Excellent anti-corrosion protection of engine parts.
- High TBN to protect against and neutralise acid build up.
- Semi-synthetic formulation.
- Resists oil thickening.
- Shear stable viscosity modifier maintains oil viscosity in service.
- Mid ash formulation controls combustion chamber deposits especially around piston area.
- Start-up viscosity protection.

| Part No. | Capacity |
|----------|----------|
| PEN1220 | 20L |
| PEN1221 | 205L Drum |

## Penrite Marine Outboard 4-Stroke Semi Synthetic Oil 10W-40

- Specially formulated for protection for marine salt water environments.
- Registered NMMA FC-W® approved oil.
- Fast start up oil flow with superior high temperature wear protection.
- Full Zinc for maximum wear protection.

| Part No. | Capacity |
|----------|----------|
| PEN1240 | 5L |
| PEN1241 | 20L |
| PEN1242 | 205L Drum |

## Penrite Marine Full Synthetic Gear Oil 75W-90

- Synthetic performance and service life.
- Easy gear engagement at low temperatures.
- Longer component life.
- Superior thermal and oxidation stability.
- Outstanding protection at operating temperatures.

| Part No. | Capacity |
|----------|----------|
| PEN1260 | 500mL |
| PEN1261 | 20L |

## Penrite Marine Outboard 4-Stroke Mineral Oil 10W-30

- Protects against rust in salt water environments.
- Registered NMMA FC-W® approved oil.
- Superior high temperature wear protection.
- Longer engine life.
- Ensures correct catalyst operation and life.

| Part No. | Capacity |
|----------|----------|
| PEN1230 | 5L |
| PEN1231 | 20L |

## Penrite Marine Inboard 4-Stroke Mineral Oil 25W-40

- Specially formulated for protection for marine salt water environments.
- Registered NMMA FC-W® approved engine oil.
- Complete anti-wear additive package for maximum wear protection.
- Ensures correct catalyst operation and life.

| Part No. | Capacity |
|----------|----------|
| PEN1250 | 5L |
| PEN1251 | 20L |

## Penrite Marine Full Synthetic Oil 10W-40

- Registered NMMA FC-W® approved engine oil.
- Specially formulated for protection for marine salt water environments.
- Full synthetic base oils for maximum heat resistance and High performance.
- Full zinc for maximum wear protection.
- Fast start up oil flow with superior high temperature wear protection.
- Safe for catalysts and emission control systems.
- Suitable for PWC, Inboard and Outboard engines.

| Part No. | Capacity |
|----------|----------|
| PEN1270 | 4L |
